## PREFACE

While this edition of the school law possesses no authority independent of the sources from which it was compiled, its publication by the Board of Education makes the work authoritative as a guide to school officers.

The act of Assembly which gave the school system organic life was approved July 11, 1870. The history of subsequent legislation affecting the schools can be readily traced from chapters LXVI and LXVII of the Codes of Virginia 1887 and 1904, which constitute the basis of the "Public Free School Law."

The text of the Pollard's Code of 1904 has been followed, except in so far as it has been modified by legislation since its publication. Acts of Assembly passed subsequent to that date (1904) are incorporated with the original law.

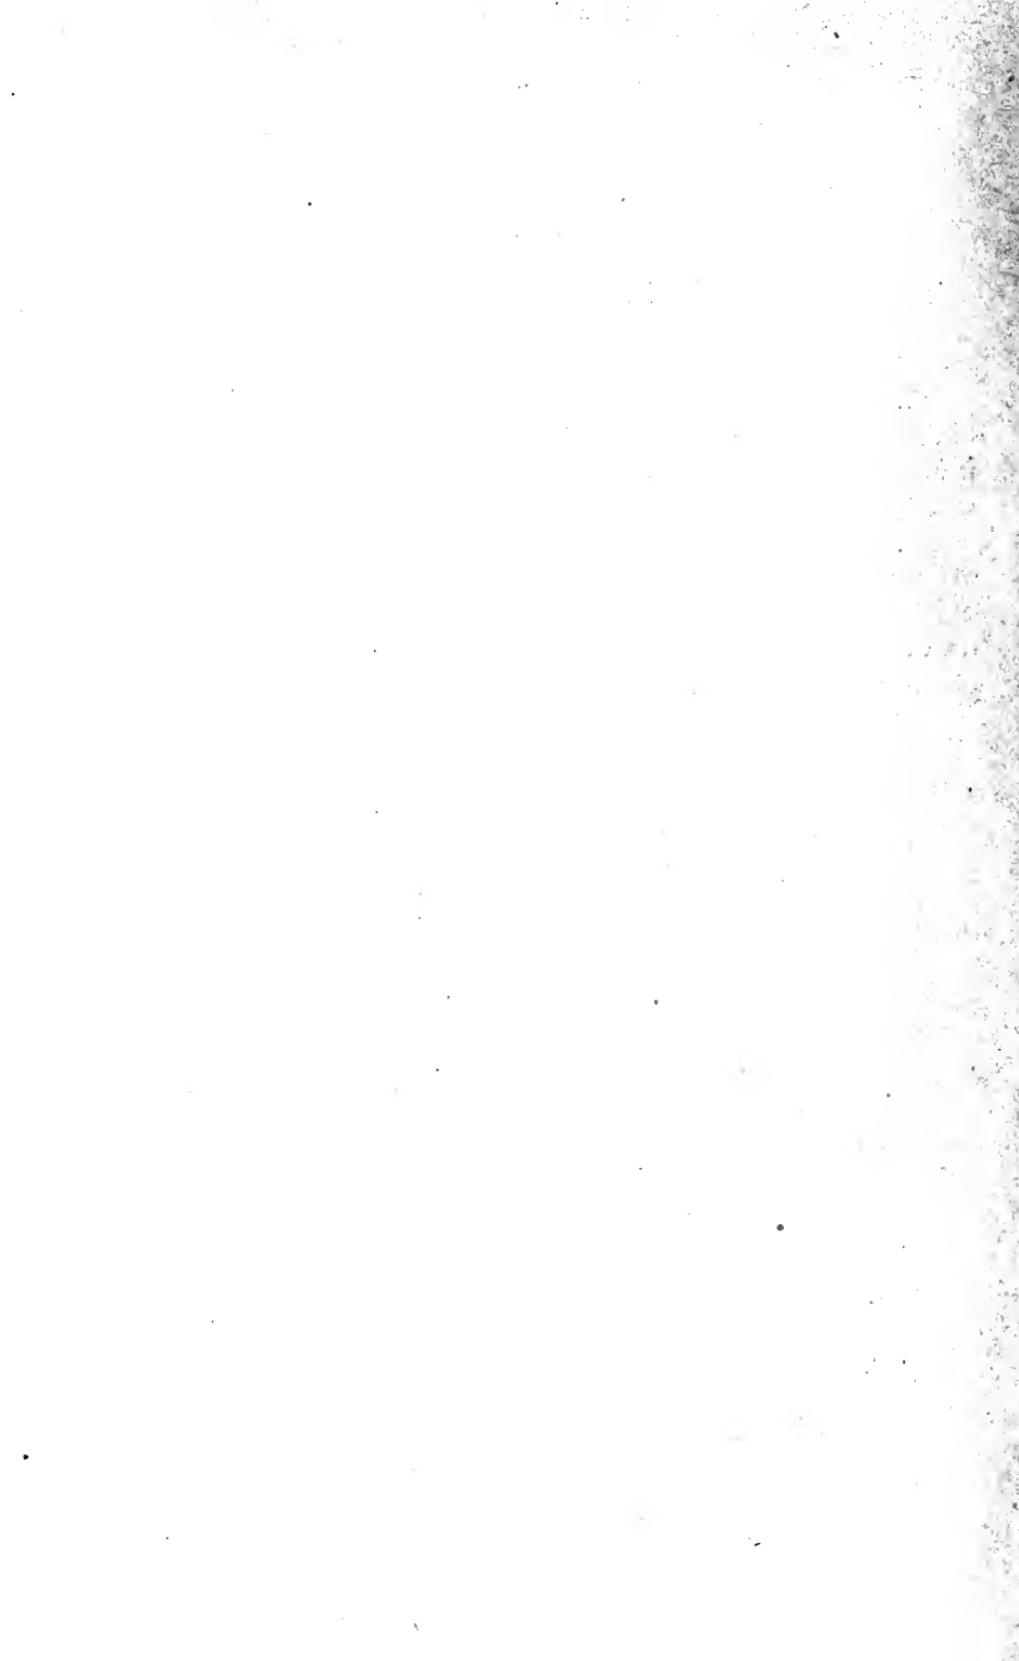

All acts of a local character are omitted and only such acts pertaining to State institutions of higher learning have been included as are of interest to the school officials at large.

The compiler has endeavored to arrange the matter for the convenience of school officers, without regard to the order in which it is printed in the Code. Some recent regulations have been added out of regular order on page 168 and those that follow.

It is the duty of every school officer receiving a copy of the law to preserve it carefully, and to transmit it to his successor in office.

J. D. EGGLESTON, JR.,

# Constitutional Provisions

---

**1. Oath to be prescribed.**—Members of the General Assembly and all officers, executive and judicial, elected or appointed after this Constitution goes into effect, shall, before they enter on the performance of their public duties, severally take and subscribe the following oath or affirmation:

“I do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of Virginia ordained by the Convention which assembled in the city of Richmond on the twelfth day of June, nineteen hundred and one, and that I will faithfully and impartially discharge and perform all the duties incumbent on me as\_\_\_\_\_, according to the best of my ability; so help me God.” (Sec. 34)

**2. Bonds of officers handling State funds.**—All State officers, and their deputies, assistants or employees, charged with the collection, custody, handling or disbursement of public funds, shall be required to give bond for the faithful performance of such duties; the amount of such bond in each case, and the manner in which security shall be furnished, to be specified and regulated by law. (Sec. 85)

**3. Magisterial districts, supervisors, etc.**—The magisterial districts shall, until changed by law, remain as now constituted: provided, that hereafter no additional districts shall be made containing less than thirty square miles. In each district there shall be elected by the qualified voters thereof, one supervisor. The supervisors of the district shall constitute the board of supervisors of the county, which shall meet at stated periods and at other times as often as may be necessary, lay the county and district levies, pass upon all claims against the county, subject to such appeal as may be provided by law, and perform such duties as may be required by law. (Sec. 111)

**4. Concerning the bonded indebtedness of cities and towns.**—No city or town shall issue any bonds or other interest-bearing obligations for any purpose, or in any manner, to an amount which, including existing indebtedness, shall at any time exceed eighteen per centum of the assessed valuation of the real estate in

the city or town subject to taxation, as shown by the last preceding assessment for taxes: provided, however, that nothing above contained in this section shall apply to those cities and towns whose charters existing at the adoption of this Constitution authorize a larger percentage of indebtedness than is authorized by this section; and provided further, that in determining the limitation of the power of a city or town to incur indebtedness there shall not be included the following classes of indebtedness:

(a) Certificates of indebtedness, revenue bonds or other obligations issued in anticipation of the collection of the revenue of such city or town for the then current year: provided, that such certificates, bonds or other obligations mature within one year from the date of their issue, and be not past due, and do not exceed the revenue for such year.

(b) Bonds authorized by an ordinance enacted in accordance with section one hundred and twenty-three, and approved by the affirmative vote of the majority of the qualified voters of the city or town voting upon the question of their issuance, at the general election next succeeding the enactment of the ordinance, or at a special election held for that purpose, for a supply of water or other specific undertaking from which the city or town may derive a revenue; but from and after a period to be determined by the council, not exceeding five years from the date of such election, whenever and for so long as such undertaking fails to produce sufficient revenue to pay for cost of operation and administration (including interest on bonds issued therefor, and the cost of insurance against loss by injury to persons or property), and an annual amount to be covered into a sinking fund sufficient to pay, at or before maturity, all bonds issued on account of said undertaking, all such bonds outstanding shall be included in determining the limitation of the power to incur indebtedness, unless the principal and interest thereof be made payable exclusively from the receipts of the undertaking. (Sec. 127)

#### EDUCATION AND PUBLIC INSTRUCTION

**5. Free schools to be maintained.**—The General Assembly shall establish and maintain an efficient system of public free schools throughout the State. (Sec. 129)

**6. State board of education, composition; vacancies, how filled.** The general supervision of the school system shall be vested in

**a** State Board of Education, composed of the Governor, Attorney-General, Superintendent of Public Instruction, and three experienced educators, to be elected quadrennially by the Senate, from a list of eligibles, consisting of one from each of the faculties, and nominated by the respective boards of visitors or trustees of the University of Virginia, the Virginia Military Institute, the Virginia Polytechnic Institute, the State Female Normal School at Farmville, the School for the Deaf and Blind, and also of the College of William and Mary so long as the State continues its annual appropriation to the last named institution.

The board thus constituted shall select and associate with itself two division superintendents of schools, one from a county and the other from a city, who shall hold office for two years, and whose powers and duties shall be identical with those of other members, except that they shall not participate in the appointment of any public school official.

Any vacancy occurring during the term of any member of the board shall be filled for the unexpired term by said board. (Sec. 130)

**7. Superintendent of Public Instruction, how elected, term of office; how vacancy filled; duties.**—The Superintendent of Public Instruction, who shall be an experienced educator, shall be elected by the qualified voters of the State at the same time and for the same term as the Governor. Any vacancy in said office shall be filled for the unexpired term by the said board.

His duties shall be prescribed by the State Board of Education, of which he shall be ex-officio president; and his compensation shall be fixed by law. (Sec. 131)

**8. Powers and duties of State Board of Education.**—The duties and powers of the State Board of Education shall be as follows:

First. It may, in its discretion, divide the State into appropriate school divisions, comprising not less than one county or city each, but no county or city shall be divided in the formation of such divisions. It shall, subject to the confirmation of the Senate, appoint, for each of such divisions, one superintendent of schools, who shall hold office for four years, and shall prescribe his duties, and may remove him for cause and upon notice.

Second. It shall have, regulated by law, the management and investment of the school fund.

Third. It shall have authority to make all needful rules and regulations for the management and conduct of the schools, which,

(Sec. 134)

jects local taxes may be levied, then the General Assembly may otherwise provide for a fixed appropriation of State revenue to the support of the schools not less than that provided in this section. (Sec. 135)

**12. Local school taxes.**—Each county, city, town (if the same be a separate school district), and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate five mills on the dollar in any one year, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require: provided, that such primary schools as may be established in any school year shall be maintained at least four months of that school year before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties, and the councils of the several cities and towns, if the same be separate school districts, shall provide for the levy and collection of such local school taxes. (Sec. 136)

**17. State appropriations prohibited to schools or institutions of learning not owned or exclusively controlled by State or some subdivision thereof; exceptions to rule.**—No appropriation of public funds shall be made to any school or institution of learning not owned or exclusively controlled by the State or some political subdivision thereof: provided, first, that the General Assembly may,

in its discretion, continue the appropriations to the College of William and Mary; second, that this section shall not be construed as requiring or prohibiting the continuance or discontinuance by the General Assembly of the payment of interest on certain bonds held by certain schools and colleges as provided by an act of the General Assembly approved February twenty-third, eighteen hundred and ninety-two, relating to bonds held by schools and colleges; third, that counties, cities, towns, and districts may make appropriations to non-sectarian schools of manual, industrial, or technical training, and also to any school or institution of learning owned or exclusively controlled by such county, city, town, or school district. (Sec. 142)

(Sec. 168)

**20. Reassessments of real estate.**—The General Assembly shall provide for a reassessment of real estate in the year nineteen hundred and five and every fifth year thereafter, except that of railway and canal corporations, which, after January the first, nineteen hundred and thirteen, may be assessed as the General Assembly may provide. (Sec. 171)

**21. State, county and municipal capitation taxes.**—The General Assembly shall levy a State capitation tax of, and not exceeding, one dollar and fifty cents per annum on every male resident of the State not less than twenty-one years of age, except those pensioned by this State for military services; one dollar of which

shall be applied exclusively in aid of the public free schools, in proportion to the school population, and the residue shall be returned and paid by the State into the treasury of the county or city in which it was collected, to be appropriated by the proper county or city authorities to such county or city purposes as they shall respectively determine; but said State capitation tax shall not be a lien upon, nor collected by legal process from, the personal property which may be exempt from levy or distress under the poor debtor's law. The General Assembly may authorize the board of supervisors of any county, or the council of any city or town, to levy an additional capitation tax not exceeding one dollar per annum on every such resident within its limits, which shall be applied in aid of the public schools of such county, city or town, or for such other county, city or town purposes as they shall determine. (Sec. 173)

**22. Property exempt from taxation.**—Except as otherwise provided in this Constitution, the following property, and no other, shall be exempt from taxation, State and local; but the General Assembly may hereafter tax any of the property hereby exempted save that mentioned in sub-section (a):

(d) Buildings, with the land they actually occupy, and the furniture, furnishings, books and instruments therein, wholly devoted to educational purposes, belonging to and actually and exclusively occupied and used by churches, public libraries, incorporated colleges, academies, industrial schools, seminaries, or other incorporated institutions of learning, including the Virginia Historical Society, which are not corporations having shares of stock or otherwise owned by individuals or other corporations; together with such additional adjacent land owned by such churches, libraries and educational institutions as may be reasonably necessary for the convenient use of such buildings, respectively; and also the buildings thereon used as residences by the officers or instructors of such educational institutions; and also the permanent en-

dowment funds held by such libraries and educational institutions directly or in trust, and not invested in real estate: provided, that such libraries and educational institutions are not conducted for profit of any person or persons, natural or corporate, directly, or under any guise or pretence whatsoever. But the exemption mentioned in this subsection shall not apply to any industrial school, individual or corporate, not the property of the State, which does work for compensation, or manufactures and sells articles in the community in which such school is located: provided, that nothing herein contained shall restrict any such school from doing work for or selling its own products or any other articles to any of its students or employees.

Terms of Members.—The terms of the three members elected by the Senate shall be four years, provided they continue so long on the list of eligibles. The terms of those first elected shall date from March one, one thousand nine hundred and three. The Senate shall elect their successors at the session of the General Assembly which begins next before the expiration of the term of the members of the board so elected by the Senate, and so on from term to term of the members so to be elected.

The terms of the two division superintendents first selected after the passage of this act shall be two years from the first day of April, nineteen hundred and seven, provided they hold the office of division superintendent so long; and, within thirty days before the expiration of their term every two years thereafter, the appointing board herein provided shall select their successors, whose term shall be two years from the first day of April following their appointment. The terms of those now in office shall continue until the first day of April, nineteen hundred and seven.

Qualification.—Before entering upon their duties, all the members of the board, except the Governor, the Attorney-General, and the Superintendent of Public Instruction, shall take and subscribe the oaths prescribed by the Constitution before any officer authorized to administer oaths, and said officer shall certify the same; a minute of their qualification shall be entered in the proceedings of the board, and the oaths shall be returned as required by law as to the oaths of other State officers.

Quorum.—A majority of the members shall constitute a quorum for the transaction of business. (Code, Sec. 1429)

**4. Meetings.**—Meetings of the board shall be held upon the call of the president, or upon request of a majority of its members: provided, that the president shall give due notice to all the members of the time of holding the meetings. The place of meeting shall ordinarily be the office of the Superintendent of Public Instruction. (Code, Sec. 1430)

**5. Record.**—A faithful record shall be kept of the proceedings

of the board, which shall be signed by the president, or, in his absence, by the president pro tempore, and shall at all times be open to inspection. (Code, Sec. 1431)

**6. Recovery of money due literary fund.**—Any money which ought to be paid into the public treasury to the credit of the literary fund shall (unless other provisions be made therefor) be recoverable, with interest, by the State Board of Education, by motion after fifteen days' notice, or by action in the Circuit Court of the City of Richmond. The Second Auditor shall institute and prosecute the proceedings after an order for such motion or action shall have been made by the board.

The said board may appoint agents for the collection of its debts or claims, and authorize them to secure payment thereof on such terms as it may approve.

When estate of any person taken under execution, or for sale under any decree or deed of trust, for any such debt or claim, or for any fine, will not sell for the amount thereof, such agent may (under the direction of the board as to the price) purchase such estate for the board. He shall immediately report to it every such purchase and the terms thereof.

The board may sell, or appoint an agent to sell, any estate so purchased, who shall sell at such time and on such terms as the board may authorize. It shall take bond from such agent if any money is to come into his hands. Any agent selling land under this section shall, when directed so to do by the board, execute a deed (with the resolution giving such direction thereto annexed) conveying to the purchaser all the interest which the board may have in such land.

For the service of any agent under this section, the board may allow compensation, not exceeding in any case five per centum on the money actually paid into the treasury. (Code, Sec. 1432)

**7. Duties of the State Board of Education.**—The powers and duties of the board shall be as follows:

First. To divide the State into appropriate school divisions, in the discretion of said board, comprising not less than one county or city each, but no county or city shall be divided in the formation of such divisions, and in the establishment of such school divisions the said State Board of Education shall so make up the same as to insure to each division superintendent a salary of not less than nine hundred dollars per annum: provided, that in any case where

the aggregate population of two adjacent counties, or of a city and the county in which it is located, is now less than fourteen thousand people and where, in the judgment and discretion of the State Board of Education, it is not practicable to attach such counties or city to some adjoining county or city so as to make up a division that will provide a salary of not less than nine hundred dollars per annum for the division superintendent thereof, then in such case the State Board of Education may, in its discretion, put said counties, or county and city, into a division, the superintendent of which shall not receive less than seven hundred dollars per annum.

It shall, subject to the confirmation of the Senate, appoint for each of such divisions one superintendent of schools, who shall hold office for four years, and who, during his said incumbency of this office, shall be required to devote himself exclusively to the discharge of its duties: provided, that the State Board of Education may in its discretion make an exception to this rule of exclusive employment when in the judgment of said board such exceptions will enure to the benefit of the public school system in the division of such superintendent thus excepted.

And provided further, that in the case of any border county touching another State than Virginia, and having a population of less than fourteen thousand people, where the State Board of Education, in its discretion, may think that making an exception of such county from the requirements of this act will enure to the best interests of the public school system therein, the said State Board of Education may waive the requirements of this act as to the salary of the division superintendent of schools for said county.

And provided further, that when, on account of geographical or other conditions, the grouping of two or more counties, or the grouping of a county or counties and a city, will not be to the benefit of said divisions, the State Board of Education may, in its discretion, modify the rule as to said grouping and as to the minimum salary herein provided for.

The board shall also prescribe the duties of such division superintendent, and may remove him for cause and upon notice. When a vacancy occurs during the recess of the General Assembly it shall be filled by appointment of the board for the unexpired term, and the appointee shall continue in office until the expiration of thirty days after the first meeting of the General Assembly; but it shall not be lawful when the General Assembly is not in session for the said board to appoint as division superintendent

any person whose nomination has been previously rejected by the Senate.

Second. To prescribe the duties of the Superintendent of Public Instruction.

Third. To approve the appointment of a first and second clerk, and such other employees as may be necessary for the office of the Superintendent of Public Instruction, upon the nomination of that officer, and to fix their salaries. The first clerk, who is hereby required to serve also as secretary of the State Board of Education, may be allowed for these extra services such reasonable compensation as the board may deem just and proper.

Fourth. To adopt by-laws for its own government and to make all needful rules and regulations for the management and conduct of the schools. Such rules and regulations, when published and distributed, shall have the force and effect of law until revised, amended, or repealed by the General Assembly.

Fifth. To provide for the examination of teachers by a State Board of Examiners, and the inspection of schools by inspectors to be chosen by the State Board of Education, or by the adoption of such other plans as the board may, in its discretion, deem wise and expedient. The duties, compensation, and expenses of such examiners and inspectors shall be fixed by the State Board of Education, and paid as other expenses of said board are paid.

Sixth. To select text-books and educational appliances for use in the public schools of the State of Virginia, exercising such discretion as it may see fit in the selection of books suitable for the schools in the cities and counties, respectively, subject to the conditions and restrictions hereinafter set forth; but no text-books which may hereafter be adopted for use in any public free school in the State of Virginia shall be changed or substituted until the same shall have been used for a period of not less than four years.

The said State Board of Education shall be empowered, and it is hereby made their duty, to enter into contract for a term of years not to exceed seven, with the publisher or publishers of school books adopted for the use of the pupils of the public schools of Virginia, upon the terms and conditions herein set forth, that the price to be paid for said books by the pupils of the public schools of Virginia shall not exceed the lowest retail price at which such books are sold to the pupils or patrons of the public schools of any other State, county, township, or school district, or to any individual in the United States where similar conditions prevail: provided, that

if after four years of use any text-book or school appliance should prove unsatisfactory, it may, by vote of six members of the State Board of Education, be changed. The publisher or publishers to make a sworn affidavit of this fact, which said sworn statement shall be put on file in the office of the Superintendent of Public Instruction, Richmond, Virginia: and provided further, that said publisher or publishers of said school books shall make a written guarantee to said State Board of Education that any further reduction in the price of said books during the life of said contract, made anywhere to any one, shall also be made to said State Board of Education, and if the publisher or publishers of any school books adopted for the use of the pupils of the public schools of Virginia fails to make the retail prices of said school books as low to the pupils of the public schools of Virginia as the same books are supplied to the pupils of the public schools of any other State, corporation or person, at any time during the continuance of this contract, then it shall be the duty of the State Board of Education of Virginia to declare the contract with such publisher or publishers to be null and void.

Before any publisher or publishers of school books adopted by the State Board of Education shall be permitted to enter into any contract with the State Board of Education, under the provisions of this act, he or they shall file with the State Superintendent of Public Instruction, to be approved by the said State Board of Education, a good and sufficient bond for the faithful performance of the conditions of such contract and the observance of the requirements of this act.

Seventh. To guard by regulations against such a multiplication of schools in proportion to the funds provided as will tend to cause a low grade of instruction in the schools or in any other way impair their efficiency.

Eighth. To approve or amend the plans of the Superintendent of Public Instruction for the organization and conduct of the summer normal schools, to audit the accounts for the expenses of such schools, and issue warrants for the payment thereof as other warrants are issued by the said board.

Ninth. To decide appeals from the decisions of the Superintendent of Public Instruction: provided, that all the facts and arguments in each case shall be presented in writing, and in such form as the board may prescribe.

Tenth. To order the sense of voters to be taken in counties or

districts on all matters which may be properly so referred under the provisions of the school law whenever deemed proper by the board.

Eleventh. To invest the capital and unappropriated income of the literary fund in bonds of this State or of the United States, or in bonds of railroad companies secured by first mortgage whose market value for six months preceding the investment has not been less than ninety cents on the dollar, or in bonds made by the district school boards of the different school districts in this State, constituting a lien on the district funds in the different districts, secured by deed of trust on the school property in said districts in which said bonds are invested. The said board may call in any such investment, or any heretofore made, and reinvest the same as aforesaid whenever deemed proper for the preservation, security, or improvement of the said fund. Whenever, in accordance with this section, the board shall invest as aforesaid in bonds of this State, no premium shall be required or paid on such investment. All securities for money belonging to the literary fund shall be deposited with the Second Auditor for safe keeping, who shall return with his annual report a list thereof with a statement of their value.

Twelfth. To audit all claims which are to be paid out of the literary fund, and to allow so much thereof as shall appear to be due: provided, that not more than ten years shall have elapsed when by law such claim might have been presented for payment. For any claims so allowed, certified by the secretary and presiding officer of the board, the Second Auditor shall issue his warrant on the treasurer, signed by the Second Auditor and attested by one of his clerks. All money belonging to the literary fund shall also be received into the treasury on the warrant of the Second Auditor, who shall also be the accountant of the said fund.

Thirteenth. To approve or amend the schemes prepared by the Superintendent of Public Instruction for apportioning the money appropriated by the State for public free school purposes among the several counties and cities of the State.

Fourteenth. To determine the necessary contingent expenses of the office of the Superintendent of Public Instruction, including stationery, postage, printing, furniture, and other charges; to ex- on the Second Auditor for the payment of the same, said warrants to be signed by the secretary and the presiding officer of the board.

Fifteenth. To punish division superintendents of schools for neglect of duty, or for any official misconduct, by reasonable fines, to be deducted from their pay, by suspension from office and pay for a limited period, or by removal from office.

Sixteenth. To appoint a board of directors, consisting of five members, to serve without compensation, which shall have the management of the State library (except the law library) and the appointment of a librarian and other employees thereof, subject to such rules and regulations as the General Assembly shall prescribe.

Seventeenth. To observe the operations of the public free school system, to regulate such matters as may arise in the practical administration thereof not otherwise provided for, and to suggest to the General Assembly any improvements deemed advisable therein, and for which the said board has no power to provide.

Eighteenth. To make a report to the General Assembly at each regular session, covering the annual report of the Superintendent of Public Instruction, giving an account of the operations of the board for the two school years immediately preceding the session of the General Assembly.

Nineteenth. To perform such other duties as may be prescribed by law.

Twentieth. (Code, Sec. 1105f, cl. 25

**56. Condemnation and purchase of land for school-houses.**—If, in the judgment of the district school board, the public interests demand that a school-house be located on a particular spot and no equitable arrangements for its purchase prove to be practicable, the board of trustees shall be authorized, and it shall be its duty, to cause the desired parcel of land to be surveyed by the county or other competent surveyor, and a plat of the same to be filed, together with a general statement of the case, with the clerk of the circuit court; and thereupon, on application of the district school board, the same proceedings shall be had as are prescribed by the laws relating to the exercise of the right of eminent domain: provided, that no parcel of land thus condemned shall exceed one acre in a town or five acres in the county: provided further, that no dwelling, yard, garden, or orchard shall be invaded, nor in an unincorporated town any space within one hundred feet of a dwelling, nor in the country any space within four hundred yards of a mansion house, without the consent of the owner.

All school-houses for which plans and detailed statements shall be filed and approved by said board, as required by law, shall have all halls, doors, stairways, seats, passage ways, and aisles, and all lighting and heating appliances and apparatus, arranged to facilitate egress in cases of fire or accidents, and to afford the requisite and proper accommodations for public protection in such cases. All exit doors in any school-house of two or more stories in height shall open outwardly. No staircase shall be constructed except with straight runs, changes in direction being made by platforms. No doors shall open immediately upon a flight of stairs, but a landing at least the width of the doors shall be provided between such stairs and such doorway.

and the total light area must be at least twenty-five per centum of the floor space.

4. Every school board shall provide at least two suitable and convenient out-houses or water-closets for each of the school-houses under its control; unless the said school-houses have suitable, convenient and sanitary water-closets erected within same, said out-houses or water-closets shall be entirely separated, each from the other, and shall have separate means of access. School boards shall see that said outhouses or water-closets are kept in a clean and wholesome condition. (Acts 1908, page 266)

**59. Authorizing the State Board of Health to adopt, promulgate and enforce rules and regulations for the betterment and protection of the public health of the State of Virginia.**—Be it enacted by the General Assembly of Virginia. any duty, power or powers now possessed by or heretofore granted to the said State Board of Health by the statutes of this State, or as affecting, modifying or repealing any rule or regulation heretofore adopted by said board.

2. That any person who shall violate, disobey, refuse, omit or neglect to comply with any rule of said State Board of Health, made by it in pursuance of this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished in the manner provided by law.

3. Provided, however, that nothing herein contained shall apply to any railroad or sleeping car company whose system of sanitation and disinfection of its cars is approved by the State Board of Health. (Acts 1910)

**60. Rules and regulations of State Board of Health concerning sanitation of schools.**—Rule 9. Every building used for school purposes, public or private, shall comply with the State law regarding the amount of cubic space per pupil and amount of fresh air to be supplied. (Chapter 56 V, Acts 1908)

The air in any school-room at all times shall be kept in a wholesome condition, and exercises shall be suspended as often as necessary in order to renew the air in any room the ventilation of which is defective.

Rule 10. No school-room shall be swept except after all school exercises have been concluded for the day.

The floor of no school-room shall be swept without first having been sprinkled with water or covered with damp sawdust or damp paper.

All sweepings shall be removed daily from the school-room.

Rule 11. Every room used for school purposes, public or private, shall be furnished at all times, when in use, with an adequate supply of drinking water of good sanitary quality. This shall be running water wherever same is available. If running water is not available a tank or cooler shall be supplied, furnished with a spigot; or a dipper shall be supplied, which shall be used only for dipping the water from such tank or cooler.

In addition to the dipper there shall be furnished a cup or glass to be used only for drinking, and which shall not be used for dip-

**Rule 12.** Every building used for public school purposes shall be furnished with two closets, one for males and one for females, separated as far as possible from each other and so arranged as to give the greatest possible privacy to persons using same.

Buildings to which water and sewerage are available shall be provided with water closets and connected with the sewerage system. Where water and sewerage are not available, buildings shall be provided with dry closets, built and maintained in accordance with the standard given in these regulations on dry closets. (Code, Sec. 1490)

**62. Authorizing county school boards in the State to loan to the district school boards.**—1. Be it enacted by the General Assembly of Virginia, That where any county school board in this State is possessed of funds, derived by gift or devise, the said county school board is authorized to loan to the school districts in their respective counties a sum of money, not exceeding one thousand dollars, for the purpose of building school-houses in said district, the amount to be loaned to be proportioned according to school population in each district, so that one district may not obtain a greater proportion than another; and the said district school board is authorized to execute and deliver to the county school board their obligation for any amount so borrowed. The money so borrowed shall be expended by district school boards in building such school-houses as their sound discretion may decide upon. (Acts 1908, page 335)

**63. Authorizing the several school boards of the school districts to borrow money belonging to the literary fund.**—1. Be it enacted by the General Assembly of Virginia, That an act entitled "an act to authorize the several school boards of the school districts in

this State to borrow money belonging to the literary fund for certain purposes and to authorize the loan of said funds to such district," approved March fifteenth, nineteen hundred and six, be amended and re-enacted to read as follows:

§ 1. Be it enacted by the General Assembly of Virginia, That the State Board of Education be, and it is hereby, authorized to loan to the school boards of the school districts and cities in this State making application therefor money belonging to the literary fund and in hand for investment for the purpose of erecting school-houses in such districts and cities, on the terms and conditions hereinafter set forth and subject to such rules and regulations as may be promulgated by the said board.

§ 2. The several school boards in this State as aforesaid are hereby authorized to borrow money belonging to the said literary fund, and the district or city school board desiring to borrow a part of said fund shall make written application to the State Board of Education and shall set forth therein (one) the amount of the proposed loan; (two) the plans and specifications, estimated cost, and location of the building to be erected; and (three) facts showing the advisability of erecting the same.

§ 3. Upon the approval of the State Superintendent of Public Instruction of the plans and specifications for and the location of the proposed building and of the making of the loan, the State Board of Education may, in its discretion, make such loan: provided, that no such loan for any one building shall exceed the sum of ten thousand dollars, nor shall it exceed fifty per centum of the cost of the same, and no loan shall be made to aid in the erection of a building to cost less than two hundred and fifty dollars.

§ 4. All loans not exceeding three thousand dollars shall bear interest at the rate of four per centum per annum, payable annually on the \_\_\_\_\_ day of \_\_\_\_\_; the principal thereof shall be payable in fifteen annual instalments, and shall be evidenced by bonds or notes payable to the Commonwealth of Virginia for the benefit of the literary fund, executed or signed by the chairman of the school board of each district and attested by the clerk thereof. Payments of interest and principal shall be made to the State Treasurer through the Second Auditor, and evidences of debt taken for such loans shall be deposited with Second Auditor and kept by him.

§ 5. The school board borrowing funds under the provisions of this act shall request the board of supervisors or the councils of their respective counties or cities or towns to cause a district tax to be levied sufficient to meet its liabilities on such contract; and in the event that such board shall fail to pay any instalment of interest or principal promptly, then, upon notice in writing to that effect from the Second Auditor or from the State Superintendent of Public Instruction, the county or city treasurer or other person having the custody of the district funds of such district shall pay to the State Treasurer, through the Second Auditor, any such past due instalment of interest or principal out of any district funds in his hands belonging to the district or school board. The failure of the school board of a district or city, or the board of supervisors, or the council of a city or town, to provide for the payment of such loan shall be deemed a cause for removal from office.

§ 6. Before making any loan under this act, the State Board of Education shall be satisfied that the school district or board borrowing the fund has a good and sufficient title in fee to the real estate on which the proposed building is to be erected, and that the same is free from incumbrances, and shall take proper measures to secure the expenditures of the money for the purpose for which it is loaned.

§ 7. The Board of Education, by reasonable rules and regulations, shall provide for an equitable distribution of the funds loaned under this act amongst the several school districts and sections of the State.

§ 8. The said several school boards or districts of the State making application therefor may borrow money belonging to the literary fund, if it shall seem wise to the State Board of Education to grant the loan in any particular case or cases, to the extent of ten thousand dollars for any one building: provided, that all loans under this section of this act shall bear interest at the rate of five per centum per annum, payable annually, on all amounts loaned in excess of three thousand dollars as aforesaid, and the principal thereof shall be payable in fifteen annual instalments; but the provisions of the preceding sections of this act shall apply to said loans except as modified in this section, but in no event shall more than fifty per centum of the cost of the building be loaned, and the local authorities shall keep the building insured for benefit of the literary fund. There shall also be a specific lien upon the prop-

erty upon which any loan is made under this section for the payment of said instalments of interest and principal, and the State Board of Education shall not make any such loan in any case in which the payment of said loan would entail, in its judgment, too heavy a charge upon the local revenues of the board or district.

For the purpose of providing a fund for making the loans provided for in this section, the said Board of Education may convert the present securities of the literary fund into cash, if it shall deem it wise and expedient so to do, to an extent not greater than one hundred thousand dollars per annum.

2. There being a number of school-houses awaiting completion, an emergency is declared to exist, and this act shall be in force from its passage. (Acts 1908, page 106)

**64. Authorizing school boards of the several school districts in the counties of this State to borrow money and to issue bonds for the purpose of erecting and furnishing school-houses, and to provide for the payment of such bonds and the interest to accrue thereon.**—1. Be it enacted by the General Assembly of Virginia, That an act entitled an act to authorize school boards of the several school districts in the counties of this State to borrow money and to issue bonds for the purpose of erecting and furnishing school-houses, and to provide for the payment of such bonds and the interest to accrue thereon, approved March fifteenth, nineteen hundred and six, as amended by an act approved February the twenty-fifth, nineteen hundred and eight, be amended and re-enacted so as to read as follows:

§ 1. Be it enacted by the General Assembly of Virginia, That whenever the school board of any school district in any of the counties of this State shall, by resolution duly spread upon the minutes of the proceedings of such board, declare that an additional school-house or school-houses are necessary to provide additional public school facilities for the children of school age in such district, and the school funds of such district will not be sufficient to provide such additional school building or buildings, and to furnish the same, and the statement of facts contained in the resolution of such school board shall be confirmed and approved by resolution of the board of supervisors of the county wherein such school district is located, the school board of any such district may, when authorized by a vote of a majority of the qualified voters of any such district voting, as hereinafter provided, borrow money for

the purpose of erecting a school-house or school-houses therein and for furnishing the same, and may issue either registered or coupon bonds for the sums of money so borrowed; the said bonds to be payable at a period not exceeding thirty years after their date, and to be made redeemable at the option of any such school board at such time after their date as may be specified in the bonds, and such bonds shall bear interest at a rate not exceeding six per centum per annum, payable either annually or semi-annually, as the school board may prescribe: provided, that no such bonds shall be sold for less than their par value, and that at no time shall the aggregate amount of bonds issued and outstanding in any school district exceed seventeen per centum of the aggregate assessed value of the real estate located in such school district.

§ 2. That the said bonds shall be of such form and denomination as the school board of any such school district, by resolution spread upon the minutes of the board, may prescribe, and shall be signed by the chairman and attested by the secretary of the board, and there shall be a lien upon the school property erected and procured with the proceeds of the sale of any such bonds for the payment of the principal thereof and the interest to accrue thereon; and if it shall be so stated on the face of the bonds, there shall be a lien on all the school property of the school district issuing and selling the same for the payment of the principal thereof and the interest to accrue thereon.

§ 3. That the proceeds realized from the sale of any such bonds issued under the provisions of this act shall not be used for any other purpose than that of erecting school buildings and furnishing the same.

§ 4. That no bonds shall be issued under the provisions of this act unless authorized by a vote of the majority of the qualified voters of the school districts proposing to issue the same voting at a special election to be ordered and held as hereinafter provided.

§ 5. When the resolutions of the school board and board of supervisors shall be certified to the circuit court of the county in which any such school district is located, together with the location of the school-house or school-houses to be erected, with the plans, specifications, and estimated cost thereof, approved by the division school superintendent and the Superintendent of Public Instruction, the said court shall order a special election to be held in any such district at such time and after such notice (which

shall not be less than two weeks) as the court may prescribe by order entered upon its minutes, to pass upon the question whether such bonds shall be issued or not for the amount recommended by the school board of such district. And the clerk of the court shall give the notice required by the court of such special election by publication in some newspaper of the county in which such school district is located, and if there be no newspaper published in such county, then in a newspaper published in some adjoining county, or nearby city or county, and by having the same posted by the sheriff of the county in at least ten conspicuous points in any such school district, which said notice shall state the amount of bonds to be issued, the purpose of the proposed issue thereof, and whether the said bonds shall be a lien on all the property in the district or a part thereof. The clerk and sheriff of the county shall each receive for their services hereunder two dollars, to be paid out of the county treasury.

§ 6. The board of supervisors shall prepare the tickets and all other necessary details for such special election, and shall pay the expenses thereof out of the funds of the county, and any such election shall be conducted and held in like manner as regular elections, and the laws of the State applying to general elections shall apply to such special elections, except as hereinafter provided, and the judges and clerks of the regular elections in said district shall be the judges and clerks in any such special election, and shall receive the same compensation; and the voting precincts in any such district for general elections shall also be the same for any such special elections.

§ 7. The judges and clerks of such special elections shall canvass the vote and certify the same to the county clerk in the same manner as required by law in general elections, and on the second day following such special elections it shall be the duty of the county clerk, the Commonwealth's attorney, and the commissioner of the revenue, who are hereby constituted a board of canvassers for that purpose, to meet in the clerk's office of said county and to canvass the returns of such special elections, and to certify the results ascertained by them to the board of supervisors of the county, who shall spread the same upon the minutes of the board, and when this shall have been done, if no notice of contest of said election shall have been filed within ten days after said election, the certificates of the canvassing board hereby created shall be con-

clusive of the legality and regularity of said special election and of the result thereof.

§ 8. All registered voters of any such school district who were qualified by law to vote in the last preceding general election shall be qualified to vote in any such special election.

§ 9. From the school levies of any such school district there shall be paid, as it matures, the interest on the bonds hereby authorized, and there shall be set aside annually, as a sinking fund, such a sum as will provide for the payment of the principal when it matures. Such sinking fund shall be invested in the bonds hereby authorized, or in such other securities as the said board may, with the approval of the division superintendent of schools for said county, select. The said school board shall annually report to the board of supervisors of the county the amount of the debt outstanding and the amount and condition of the sinking fund.

§ 10. This act shall not be construed to repeal or amend any special acts passed by this or any previous General Assembly allowing or authorizing any school district in this State to borrow money and to issue bonds therefor. (Acts 1908, page 103)

**65. Division of school districts into subdistricts; for government and administration of same; for additional school tax therein; and for appointment of school directors, providing for their terms of office, powers, duties, et cetera.**—First. That in due time, before the opening of the schools in the year nineteen hundred and seven, or in any year thereafter following the adoption of this act by any county, it shall be the duty of each district school board throughout the State, in each county in which this act may be adopted, as hereinafter provided, to determine, by specified boundaries, what shall be the area to be attached to each school-house for a primary school for white children, and to each school-house for a primary school for colored children in the respective districts throughout the district, or in any part thereof. These areas shall be called subdistricts, and their boundaries and numbers may be changed from time to time, at the discretion of the district board, but both in establishing and altering the boundaries of such subdistricts such board shall be governed by the provisions of section one thousand five hundred and three of the Code of Virginia as amended. The subdistricts for the white children shall be renumbered with cardinal numbers, and the subdistricts for the colored children shall be lettered with capital letters, the letters being further distinguished by cardinal numbers each time the letters

of the alphabet are exhausted, as A-one, B-one, et cetera, A-two, B-two, et cetera; whereupon the district school board shall record these actions on its minutes and certify a copy of same to the clerk of the county, who shall record same in his office in a separate book, which he shall provide at the expense of the county school fund for the purpose. The subdistricts for white and colored children, respectively, shall be considered as separate subdistricts, although the territories may overlap each other, for all the purposes and in the construction and application of this act, and only white persons shall vote in the meetings of subdistricts for white persons, and only colored persons shall vote in meetings of subdistricts for colored persons.

Second. Whenever it may be found necessary for the convenience of the people, a subdistrict may be made to include portions of two or more school districts, or portions of two or more counties. Every subdistrict thus formed shall be under the supervision of the district school board, the county school board, and the school trustee electoral board on whose territory the school-house is situated. When it is desired to form a subdistrict from parts of two or more districts in the same county, the matter shall be considered by the district school boards of the districts affected, and on their mutual agreement the boundary lines shall be established. But in case these boards fail to agree, either one of the district school boards affected may appeal to the county school board of the county. In like manner, if it is desired to form a subdistrict from districts belonging to different counties, the boundary lines may be established by the mutual agreement of the school boards of the districts affected. But in case these boards fail to agree, either one of the district school boards affected may appeal to a board of reference, to be composed of the division school superintendent or superintendents of the counties affected, together with the chairman of some district school board of one of the counties affected, to be selected by this superintendent or these superintendents, and the decision of this board of reference shall be final both as to establishing such subdistricts and as to subsequent changes therein. Any doubtful question as to the location of the primary school-house in such subdistrict contemplated by this act shall be decided in the same manner as the number of subdistricts and the question of boundary lines; and no action under this section shall become final until the same is approved by the State Superintendent of Public Instruction.

Third. No children from beyond the limits of a subdistrict shall be received into the school therein except such as bring a special written permit issued and signed by the school directors of subdistrict. The school directors of the subdistricts may grant such permits, and to children from other subdistricts, but only to such children as have their tuition and other expenses to the subdistrict fully provided for, by agreement with the school directors from whose territory such children come, or by being paid for privately to the subdistrict: provided, that the privileges of the children residing in the subdistrict shall in no wise be interfered with injuriously by the admission of children outside the boundaries of such subdistrict.

Fourth. As soon as practicable after the approval of the State Superintendent of Public Instruction of the subdistricts, the district boards of the districts in which such subdistricts are located, respectively, shall, after fifteen days' notice, posted at every postoffice in the district, appoint and call a meeting of all persons having the right to vote at subdistrict meetings as hereinafter provided, at some convenient place in each subdistrict, for the organization of such subdistricts, respectively; for adoption of by-laws; for election of school directors of such subdistricts; and for such other purposes as may be lawfully acted upon by such meetings.

Fifth. At such meetings and all subsequent subdistrict meetings hereinafter provided for, all male persons qualified to vote for members of the General Assembly of Virginia residing in such subdistrict and who are assessed with school taxes shall be entitled to vote upon all questions concerning such subdistrict school affairs; and any person entitled to vote at any such meeting may be chosen thereby as a school officer of such subdistrict.

Sixth. At such organization meetings, respectively, a chairman shall be chosen by a majority vote of the meeting. The chairman shall appoint a secretary. It shall be the duty of the clerk of the district school board of the district in which such subdistrict is located to furnish the meeting in question with a copy of this act (the same to be furnished to him by the Superintendent of Public Instruction), and such act shall either be read to the meeting or the substance thereof explained to the same by the chairman. This being done, the secretary shall make a list of all persons present entitled to vote. If it be ascertained that less than one-fourth of the persons of the subdistrict entitled to vote are present, the meeting shall be adjourned from time to time until at least such

one-fourth in number of such persons are in attendance. Such attendance of one-fourth in number of such persons shall be necessary for the transaction of business in this organization meeting and in all subsequent meetings hereinafter provided for.

Seventh. When it shall be ascertained that the meeting is lawfully constituted to transact business, it shall then proceed to adopt by-laws to define and provide for the manner of calling future subdistrict meetings, annual and special; what person shall preside over the same; the proceedings thereat; the method of voting, except that all voting at this and all subsequent meetings shall be by written ballots; the duties of the officers of such subdistrict; and for the governing of other matters pertaining to the welfare of the school of the subdistrict not contrary to law. The by-laws may be changed or added to at any lawful meeting of the subdistrict, annual or special.

Eighth. The officers of each subdistrict shall be three school directors, who from among their number shall choose one as chairman, another as treasurer, and another as clerk; all such officers shall hold their office for one year, or until their successors are chosen and qualify. Before entering upon their terms of office such officers shall take the oath prescribed by section eight hundred and twelve, and any of them may be required by the by-laws of such subdistricts to give bond in the penalty and with the surety prescribed by such by-laws: provided, that the subdistrict treasurer shall give bond of the form prescribed by law for county treasurers with some solvent surety company doing business in the State as surety in a penalty equal to double the amount of the total subdistrict school levy for the ensuing year. The compensation of such officers, respectively, if any, shall be provided for by each subdistrict in annual meeting. Any two of such school directors shall constitute a quorum for the transaction of the business of their board.

Ninth. The school directors of each subdistrict shall constitute a subdistrict school board, and shall be a body corporate under the name and style of the "subdistrict school board of subdistrict number——(or letter)" as the case may be, "of the county of ——," by which name it may sue and be sued, contract and be contracted with.

Tenth. The first election of officers shall be at said organization meeting, and subsequent elections of officers shall be at the annual subdistrict meetings. Vacancies occurring between annual

meetings shall be filled by the remaining school directors, and appointments thus made shall be valid until the next subdistrict meeting. Should the school directors not be elected or appointed as above provided, the district school boards of the districts in which such subdistricts are located, respectively, shall make the appointments.

Eleventh. It shall be the duty of the secretary of the meetings to report within ten days thereafter to the district board in which such subdistricts are located, respectively, the names of the subdistrict officers chosen and also such other action as may be taken by such meetings.

Twelfth. No one shall be chosen a school director who is unable to read and write.

Thirteenth. Special subdistrict meetings may be called at any time by the subdistrict school board, or, on application in writing of any ten persons entitled to vote in such meetings as above provided, the chairman of such subdistrict board may call any special meeting.

Fourteenth. The annual subdistrict meetings, subsequent to the organization meetings, shall be held during the month of May of each and every year, and other special meetings at such times as they may be called, as above provided. Annual and special meetings may be held at any place for which they are called within the subdistrict, and may be adjourned from time to time to any place within the subdistrict. A majority vote of those present at such meetings, annual or special, provided there be present at least one-fourth of the persons of the subdistrict entitled to vote thereat as above provided, shall be decisive of all questions voted upon thereat.

Fifteenth. If the officers of the subdistrict unreasonably refuse to call a subdistrict meeting, a justice of the peace of the district in which such subdistrict is located, upon application of ten or more persons of the subdistrict entitled to vote at the meetings thereof, as above provided, may call such meeting, annual or special, by a warrant under his hand, directed to any constable of the district, if any, otherwise to any person applying therefor, directing same to summon the persons entitled to vote at such meeting as above provided to assemble at the time and place and for the purpose expressed in the warrant.

Sixteenth. The division superintendents of the public schools of the division in which such meetings are held, respectively, shall

be entitled to be present at any of said meetings and take part in the discussion of any and all questions and to give advice and instruction, but shall not be entitled to vote thereat by virtue of this section.

Seventeenth. At said organization meetings, and at said annual meetings thereafter, said subdistricts, respectively, may, unless the county and district school tax in such county already levied, as may be otherwise provided by law, aggregates five mills on the dollar, by majority vote, which shall include a majority of the freeholders of such subdistrict, make, grant, and vote in favor of a special levy, as a subdistrict school tax, of such amount as they may judge necessary (provided the aggregate of county, district, and subdistrict school taxation shall not exceed five mills on the dollar) for the further support of the public schools of such subdistrict, including supplement to the teachers' salary and supplement to the expences of furniture, apparatus, repairs, fuel, for the salary of the subdistrict school officers, if any, and for all other necessary charges affecting the efficiency and welfare of the schools of such subdistricts, respectively; and such vote in favor of such levy shall be recorded on the minutes of such meeting, and a copy of such minute shall be certified to the board of supervisors; whereupon the board of supervisors, at its next meeting at which it lays the general county levy for the ensuing year, shall, in addition to the county and district school tax otherwise provided for by law, levy for such ensuing year such subdistrict school tax as may have been voted in the respective school subdistricts of the county, and provide for the collection of the same in accordance with the provisions of this act; which action of the board of supervisors shall be forthwith certified by the clerk thereof to the clerks of the respective school subdistricts affected. Thereupon the clerk of said subdistrict school board shall, in a book kept for the purpose, apportion and extend such levy against the owners of all property, real and personal, within such subdistrict, and other subjects of taxation which should be taxed therein as herein provided, which may be assessed against such owners and subjects of taxation upon the land and property books of the county for the current year and at the valuation fixed by such books. Thereafter such clerk shall make off from such book kept by him as aforesaid tax tickets against the proper persons for such subdistrict school tax levy, and place them in the hands of the treas-

urer of such subdistrict on or before November first of the current year, and such treasurer shall proceed to collect the same, and on all such tickets not paid by December first of the current year there shall be five per centum of the amount thereof added thereto. Said school subdistrict treasurer, for the collection of such subdistrict school taxes shall have all the powers of distress and levy that may be given by law to county treasurers for the collection of other taxes; and each such tax ticket which may not be paid in any year shall be attached to the tax ticket rendered against the same person for the succeeding year or years until paid, and all of such tax tickets shall be and remain in date, and the subdistrict treasurer shall have the same power from year to year with respect to the collection of all such uncollected tax tickets as he may have with respect to tax tickets for the current year; and such respective subdistrict school funds shall be paid out by the subdistrict treasurer thereof upon warrants signed by the chairman and countersigned by the clerk of such subdistrict board of the form hereinafter prescribed; and reports shall be made by such treasurer annually to the subdistrict annual meeting, and settlement shall be made by such treasurer annually preceding such annual meeting with the subdistrict school board with respect to such subdistrict school funds, and the result of such settlement and the levy voted at each annual school subdistrict meeting shall be promptly certified by the clerk of such subdistrict board to the school board of the county, and by the latter certified to the division superintendent of schools along with the estimates provided for in section fourteen hundred and forty-seven. Every school subdistrict treasurer, on going out of office, shall deliver to his successor all uncollected tax tickets, books and papers belonging to his office, and all money belonging to his school subdistrict fund, and such successor shall have the same powers with respect to the collection of all such uncollected tax tickets as he has with respect to tax tickets for the current year. For every breach of any condition of the bond of every school subdistrict treasurer, action shall be brought at the relation of his successor (and such successor shall institute same promptly on coming into office), for the benefit of the school subdistrict, before a justice of the peace, if for a sum not exceeding one hundred dollars, and if for a sum exceeding that amount, then in the circuit court of the county, or the same, and be by him delivered for record as follows—that is to

days' notice. Upon any judgment rendered in such suit or motion a writ of fieri facias may issue, which shall conform in all respects to writs of fieri facias issued under chapter thirty of the Code of Virginia, as amended, and be proceeded with in the same manner.

The school directors of each subdistrict shall also have the following powers and duties:

1a. To explain, enforce, observe, and to make rules in execution of the by-laws of their respective subdistricts and supplementary thereto, when necessary, for the government of the schools of their respective subdistricts.

2a. To call general and special meetings of their respective subdistricts, as provided for by the by-laws thereof and by law.

3a. To contract with the teacher of the school of their subdistricts with respect to the supplement, if any, such subdistrict is to add to the salary of such teacher in addition to the salary paid same from the State, county, and district school funds; and, subject to the rules and regulations of the district school board in which said subdistrict is located, and subject also to said by-laws, and such action as said subdistrict meetings may have taken with respect thereto, if any, to contract for and authorize any other expenditures to be made by the subdistrict with respect to the supplement, if any, such subdistrict is to add to the funds provided from the State, county, and district school funds, for the expense of furniture, apparatus, repairs, fuel, and other necessary charges affecting the welfare and efficiency of such schools; and to provide for payment of such supplement to the teacher's salary and of such expenditures, including the pay of the clerk of such subdistrict board of school directors, and of the school directors thereof, if any, as fixed by the next preceding annual meeting of such subdistrict.

4a. To examine all claims against the subdistrict, and, when approved, to pay the same by warrants drawn on the subdistrict treasurer signed by the chairman of such subdistrict school board of directors and countersigned by its clerk, payable to the person entitled to receive such money, and stating on its face the purpose or service for which it is paid, and that such warrant is drawn in pursuance of an order entered by the board of school directors of the subdistrict in question (designating same plainly by proper

number or letter) on the —— day of —— (designating the order).

5a. To visit the school of their respective subdistricts not less than once each month throughout the school session and take care that it is conducted according to law and with the utmost efficiency. They shall also do what they can to secure the enrollment and regular attendance of children at school and to promote the appreciation and desire of education among the people.

6a. To determine what shall be the length of school session in their subdistricts, respectively, each year, in addition to the school session which is authorized by other proper school authorities, for the expenses of which additional length of session the subdistrict shall be responsible.

7a. To do all in their power to protect and improve the school property, and to render it comfortable, decent, and attractive. They shall also support and counsel the teacher and do what they can to secure justice and harmony among all concerned.

8a. To report any matter required by the said division superintendent of schools at any time called upon.

9a. To perform such other duties as may be prescribed by the State Board of Education or which may be imposed by law.

Eighteenth. This act shall not interfere with the duties and authority of the division superintendent of schools in respect to teachers and schools as heretofore provided by law. Nor shall this act be considered as applicable to cities or towns set off as separate school districts having more than one primary public school, except that such city or town districts are hereby empowered to extend their lines beyond the corporate limits so as to embrace the children in the suburbs when the district school boards of the districts which may be affected thereby shall agree upon the same. And in case of disagreement the matter shall be determined by appeal, as hereinbefore provided; and where new lines have been established for school districts the apportionment of school money to the school districts shall be made to conform to such change.

Nineteenth. It shall be the duty of the State Board of Education to make all such rules and regulations as may be needed for carrying into effect the provisions of this act.

Twentieth. Any State superintendent of public instruction, clerk, district school trustee, division superintendent of schools or

subdistrict school officer failing or refusing to comply with the provisions of this act shall, upon conviction, be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty and not exceeding one thousand dollars.

Twenty-first. This act shall apply to those counties, and only to those, in which it may be adopted after due consideration by the county school boards thereof, respectively: provided, that the county school board of any county in which this act shall be adopted as aforesaid may, if in its judgment the operation of the same is injurious to the interests of education, apply to the State Board of Education for relief to the county from the provisions of the act, and the said board shall have power to grant such relief. (Code, Sec. 1470)

#### SCHOOL OFFICERS

**66. Officers and teachers not to have pecuniary interest in books, and so forth, supplied to schools; exceptions; not to discount warrant.**—First. No member of the State Board of Education, nor any division superintendent of schools, nor school trustee, nor any other school officer, nor any teacher of a public free school, shall have any pecuniary interest, directly or indirectly, in any contract for building a public free school-house or in furnishing material to a contractor for building such school-house, or in supplying books, maps, school furniture or apparatus to the public free schools of this State, or act as agent for any author, publisher, bookseller, or dealer in any such school furniture or apparatus, directly or indirectly, receive any gift, emolument, reward, or promise of reward, for his influence in recommending or procuring the use of any book, map, school furniture, or apparatus of any kind in any public free school of this State. Any school officer or teacher who shall violate this provision, besides being removed from his post, shall be subject to a penalty of not less than ten nor more than five hundred dollars. Exception to the requirements of this section may be made by the State Board of Education in the case of a school officer or teacher being the author of any school book or map, or the inventor of school furniture or apparatus, in which case the State Board of Education may, in its discretion, make specific arrangements whereby such school officer or teacher may, if his book, map, or invention be adopted by the proper authority, enjoy the benefits

of the proceeds thereof without offence: provided, that no unfair advantage be allowed over other competitors in securing the adoption of the book, map, or invention. Exceptions shall also be made in the case of a merchant who, in the regular course of trade and without employing agents to solicit such business, sells either books selected and adopted by the State Board of Education or supplies used in the schools and by the pupils.

Second. It shall not be lawful for any member of a school board, or any officer of the public free schools, or any firm in which said trustee or officer is interested, or any agent of such trustee or officer, to be concerned in any contract with a public free school board or a committee of such school board for any work or labor ordered to be done, or for goods, wares, or merchandise or supplies of any kind ordered by a school board or a committee of such school board, except as provided in first subdivision of this section. It shall be unlawful for any such trustee or officer to sell, convey, or deliver any goods, wares, merchandise, or supplies of any kind to a school board or a committee of such board, or to receive, directly or indirectly, any profit or emolument from any contract with, or sale to, such board or a committee thereof, except as provided in this section. If any such contract or sale shall be made it shall be void, and if such claim or bill be paid, the amount paid, with interest, may be recovered by the county or district within two years after payment by action or motion in the circuit court having jurisdiction over said county or district.

Third. It shall be unlawful for any county, district, or school officer, school trustee, or corporation officer in this Commonwealth to acquire by purchase, at less than its face value, directly or indirectly, express or implied, any warrant or other evidence of indebtedness issued by any board of supervisors or any common council or board of aldermen of any county, city or town in this Commonwealth, or any warrant or claim issued by any of the public free school officers or school boards of this State for the pay of teachers, or the building of school-houses, or purchase of school books, school furniture, or apparatus. Any such officer or trustee violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty dollars nor more than five hundred dollars, and in the discretion of the jury may be imprisoned in the county or corporation jail not more than six months; and the

judge of every circuit and corporation court in this Commonwealth shall give this law specially in charge to every grand jury empaneled therein. (Code, Sec. 1472)

**67. Delivery of records, and so forth, to successors.**—All school officers going out of office shall deliver to their successors the records and all official papers belonging to the office. In case of the refusal or failure of any officer to do so, on demand by his successor, he shall forfeit not less than twenty-five nor more than one hundred dollars therefor, and a like penalty for each month during which he shall persist in withholding the same. (Code, Sec. 1473)

**68. Penalties on officers and teachers.**—Any division superintendent of schools, school trustee, or other school officer, or any teacher in a public school, who shall, by malfeasance or neglect, offend against the provisions of this chapter, if no other specific penalty be prescribed, shall be subject to a fine of not less than five nor more than fifty dollars for each offence. (Code, Sec. 1474)

**69. Disposition of penalties; how sued for.**—All penalties and forfeitures imposed by the school law upon a division superintendent or a county treasurer of the county, and all penalties imposed upon the school trustees or other district school officers, or upon teachers, shall be for the benefit of the literary fund. The suit for such penalties shall be in the name of the Commonwealth, and if prosecuted in a court of record it shall be the duty of the attorney for the Commonwealth for the county to conduct the same. It shall also be the duty of the attorney for the Commonwealth, and any school officer of the county, or of any school district, as the case may be, to set such prosecution on foot: provided, that if a penalty shall be inflicted for any such offence by any of the school authorities, in pursuance of the school law, the party shall not be a second time subjected to a penalty therefor. (Code, Sec. 1475)

**70. Removal of officer from office; proceedings therefor.**—The circuit courts of counties and the corporation courts of corporations shall have power to remove from office all county, city, and district officers elected or appointed for their respective counties, cities, and districts for malfeasance, misfeasance, incompetency, or gross neglect of official duty: provided however, that such power to remove the clerk of a court shall be vested only in the court of which he is clerk: provided further, that nothing in this section shall be construed to interfere with any power vested in the mayor of any city by section one hundred and twenty, article eight, of the

Constitution of the State, or to repeal any provision of the charter of any city, or any ordinance in pursuance of such charter, for the removal of any of its officers. All proceedings under this section shall be by order of, or on motion before, the proper court upon reasonable notice to the officer to be affected thereby; and such officer shall have the right to demand a trial by jury, except in cases where the officer is an appointee. (Code, Sec. 821)

**71. Form of general oath.**—Every person, before entering upon the discharge of any function as an officer of this State, shall take and subscribe the following oath: “I, \_\_\_\_\_, do solemnly swear (or affirm) that I will support the Constitution of the United States, and the Constitution of the State of Virginia ordained by the convention which assembled in the City of Richmond on the twelfth day of June, nineteen hundred and one, and that I will faithfully and impartially discharge and perform all the duties incumbent upon me as \_\_\_\_\_ according to the best of my ability. So help me God.” (Code, Sec. 168)

**72. Form of oath against duelling where disabilities not removed.**—He shall also at the same time, unless his disabilities shall have been removed by the General Assembly, take and subscribe the following oath: “I swear that I have not, while a citizen of this State, since the tenth day of July, nineteen hundred and two, fought a duel with a deadly weapon, or sent or accepted a challenge to fight a duel with a deadly weapon, either within or beyond the boundaries of this State, or knowingly conveyed such challenge, or aided or assisted in any manner in fighting such duel: and that I will not fight a duel with a deadly weapon, or send or accept a challenge to fight a duel with a deadly weapon, either within or beyond the boundaries of this State, or knowingly convey such challenge, or aid or assist in any manner in fighting such duel, during my continuance in office. So help me God.” (Code, Sec. 169)

**73. Where the fact of oaths having been taken is recorded.**—When a person elected or appointed to any office or post takes the oaths required of him in a court of record, a transcript from the record of the court, stating the fact of their having been taken, and when he takes such oath before a judge or other person, a certificate of the person administering the same, stating the fact of their having been taken, shall be obtained by the person taking the same, and be by him delivered for record as follows—that is to

say: When the oaths are taken by the Governor, Lieutenant-Governor, Attorney-General, Secretary of the Commonwealth, State Treasurer, Superintendent of Public Instruction, Commissioner of Agriculture and Immigration, State Assayer and Chemist, members of the State Corporation Commission, Librarian and Commissioner of the State Hospitals for the Insane, either of the officers mentioned in sections two hundred and twenty-three, two hundred and thirty-two, two hundred and thirty-three, or forty-one hundred and sixty, or a commissioner appointed by the Governor, the record shall be on the journal of the executive; when taken by any of the clerks mentioned in the fourth, fifth, and sixth subdivisions of section one hundred and eighty-three, it shall be in the office of that officer by whom the clerk may have been appointed; when taken by a judge, the record shall be in the first court in which he sits; when taken by any officer appointed by or belonging to a court, it shall be in the said court or in such other as prescribed by law; in the case of a member or officer of either house of the General Assembly, the record shall be on the journal of the house, or in such other manner as the house may prescribe by its rules.

And in the case of any other officer, unless it be otherwise provided, the record shall be in the court of the county or corporation in which the duties are to be discharged; or, if his duties are not to be discharged wholly in one county or corporation, then in the court of the county or corporation in which such officer resides. (Code, Sec. 175)

#### TEACHERS' SUMMER SCHOOLS AND COURSES OF INSTRUCTION

**74. Teachers to hold certificate of qualification.**—Every teacher of a public free school shall hold a certificate in full force, issued or approved by the division superintendent prior to July first, nineteen hundred and six, or after that date to be issued by the State Board of Examiners and Inspectors and approved by the superintendent of schools for the division within which such teacher is to be employed. (Code, Sec. 1476)

**75. To pay teachers in the public schools of Virginia without requiring average attendance of pupils.**—The pay of a teacher in the public schools of this State shall not be governed by the daily average attendance of pupils, provided the average attendance of pupils exceeds ten. (Code, Sec. 1480a)

**76. Relief of school teachers.**—In cases where the monthly salary of a public free school teacher has been reduced in consequence of a lower average attendance of pupils during any month or months of the school term than the average required by law, and it further appears from the term report that the average attendance of pupils during any month or months of the school term has been above that required by law, then such teacher shall be entitled to a compensation per capita at the rate specified in the contract to the extent to which the excess in the average attendance above the required average makes up for the deficiency therein: provided, that in no case shall the whole amount of salary allowed exceed the maximum salary specified in the teacher's written contract. Warrants for such amounts as may be shown by the term report to be due shall be issued and paid in the manner prescribed by law for issuing and paying other warrants for teachers' salaries. (Code, Sec. 1480b)

**77. To keep register and deliver same at close of term to clerk.** Every teacher in a public free school shall keep a daily register of facts pertaining to his school in such form as the Superintendent of Public Instruction shall require, and shall be responsible for the safe keeping and delivery of the same to the clerk of the school board at the close of the school term, or of the period of his service, whichever shall first happen. (Code, Sec. 1477)

**78. Must enter into written contracts.**—Written contracts shall be made by the district school board with all public free school teachers, in a form to be prescribed by the Superintendent of Public Instruction, before they enter upon their duties. Such contracts shall be signed in duplicate, each party holding a copy. (Code, Sec. 1478)

**79. Providing a retirement fund for public school teachers.**—Any person, not including the division superintendents, who has taught in the public schools of this State, may make application to be retired and pensioned under the terms of this act, provided his case comes under either of the two following classifications:

Class "A" shall include every person who has taught in the public schools of this State an aggregate of at least twenty years and who has maintained a good record and by reason of physical or mental infirmity or old age is incapable of rendering efficient service as a teacher.

Class "B" shall include every person who has taught in the

public schools of this State for an aggregate of at least 30 years; and who has maintained a good record and has reached the age of 58 years if a man, and 50 years if a woman.

The State Board of Education is authorized, and it shall be its duty, to place any such person on the list to be known as the "retired teachers' list," and pay him a pension as hereinafter provided, subject to the exceptions and restrictions mentioned herein; and a careful record of the names of the teachers pensioned under this act shall be kept by the State Board of Education.

2. No applicant under Class "A" shall be pensioned until and unless his mental or physical disability is shown by evidence satisfactory both to the State Board of Health and the State Board of Education, and either of the said boards may order a special medical examination by some physician appointed by it; the expenses, not exceeding five dollars in each case of the said special examination, to be borne by the applicant, unless otherwise directed by the State Board of Education.

3. Any person in either class retired under this act shall have deducted from the first year's pension an amount equal to thirty per centum of the average annual salary earned by such person during the last five years he was a teacher in this State less the amounts already contributed to the pension fund by such person retired.

All money so deducted shall be used to create a permanent endowment for the retirement fund, and only the income shall be used in paying pensions or other current expenses.

4. The fund; whence derived.—In order to provide a fund to pension said retired teachers, all contracts with teachers shall provide that the chairman and clerk of the school board, or other officers whose duty it is to pay public school teachers, shall deduct monthly from the salary of each teacher in the State a sum equal to one per centum of his salary. In order that the sum so deducted shall be promptly covered into the treasury of the State, it shall be the duty of the State Board of Education to deduct from the annual apportionment on account of the appropriation of the General Assembly and the accumulated interest on the investments of the literary fund one per centum of the total amount of the salaries of the teachers of each county, town, or city, as shown by the annual report of the division superintendent for the preceding year. Should the salaries of the teachers for the current year ex-

ceed the salaries paid the preceding year, then the State Board of Education shall deduct for the succeeding year an additional amount sufficient to cover said excess, it being the intention in this section of the act to provide a convenient means of paying the pensions deducted from the teachers' salaries into the State treasury without having the trouble and expense of many small remittances from a large number of clerks of district boards. All amounts so deducted and received shall be placed by the State Treasurer to the credit of the fund, to be called the "retired teachers' fund," and an accurate account shall be kept of all funds so received.

5. Appropriation.—The sum of \$5,000 per annum is hereby appropriated out of any money in the treasury not otherwise appropriated to carry into effect the provisions of this act. The said sum shall be turned over to the State Board of Education and deposited as aforesaid with the State Treasurer, to be placed to the credit of the fund created by section four of this act.

6. Legacies, bequests, and so forth.—All legacies, bequests, and funds derived from devises for the benefit of the teachers under this act shall be paid over to the State Board of Education and shall be by it transferred as aforesaid to the Treasurer of Virginia, to be placed to the credit of the fund provided for in section four or seven of this act, as may be proper to carry out the terms of the gift.

All money belonging to this fund, from whatsoever source derived by the State Board of Education, shall be paid into the treasury of the State through the office and upon the warrant of the Second Auditor of Virginia.

7. The State Board of Education shall be permitted to invest the capital and unappropriated income of the said "retired teachers' fund," as provided in the eleventh subdivision of section fourteen hundred and thirty-three of the Code, with all the powers of investment or re-investment granted by said section. And all securities belonging to said fund shall be deposited with the Second Auditor for safe keeping, who shall return with his annual report a list thereof with a statement of their value.

Only the income of the funds received and invested under this section shall be used in paying pensions or other current expenses.

8. What pensions to be paid.—The State Board of Education shall quarterly, on the first day of January, April, July and October of each year, issue its warrant on said fund, signed by the president and secretary of said board, for the benefit of each person whose name has been placed on said list for the quarter immediately

preceding the time of payment for a sum equal to one-eighth of the average annual salary earned by such person during the last five years he was a teacher in the public schools of this State. The Second Auditor shall issue his warants to said persons accordingly. In no event, however, shall any quarterly pension exceed the sum of one hundred dollars: provided, that any person whose average annual salary during the last five years he was a teacher in the public schools of this State equaled or exceeded one thousand dollars may receive as a quarterly pension as much as one hundred and twenty-five dollars. In the event that the available funds shall, in the judgment of the State Board of Education, upon a prudent and equitable appropriation of the same, for any quarter be insufficient to pay all pensions due for the quarter to the full amount thereof, then the same shall be paid pro rata according to the amount of money that is available as aforesaid.

9. The State Board of Education shall see that proper arrangements are made for keeping an accurate account of all moneys received, invested or disbursed under this act, and the Superintendent of Public Instruction shall include a full statement of all the transactions of said fund in his annual or his biennial report. The State Board of Education shall require proper and sufficient bonds from the person or persons charged with the management or custody of said funds, except in the cases of the State Treasurer and Second Auditor, whose official bonds shall cover the said funds, for the proper application of which they and the sureties on their official bonds shall be liable.

10. Prior to January 1, 1911, no person shall be placed on the "retired teachers' list" under Class "A" or Class "B" unless such person shall have taught at least one session in the public schools of this State since July 1, 1908; after January 1, 1911, and prior to January 1, 1912, no person shall be placed on said list unless such person shall have taught at least two sessions since July 1, 1908; after January 1, 1912, and prior to January 1, 1913, no person shall be placed on said list unless such person shall have taught at least three sessions since July 1, 1908; after January 1, 1913, and prior to January 1, 1914, no person shall be placed on the pension list unless such person shall have taught at least four sessions since July 1, 1908; and after January 1, 1914, no person shall be placed on the pension list unless such person shall have taught at least five sessions since July 1, 1908: provided, that the provisions of this section shall not apply to any person whose application reached the State Board of Education prior to July 1, 1908.

10½. Any person who would have been entitled to a pension under this act under either Class "A" or Class "B" had it been in force prior to July 1, 1908, and subsequent to July 1, 1902, and who retired either voluntarily or on account of physical disability from teaching in the public schools prior to July 1, 1908, and subsequent to July 1, 1902, and who is otherwise qualified under the provisions of this act, shall receive under this act a pension equal to one-fourth of the average salary earned by such person in teaching a public school during the last five years of his service, which shall be paid as other pensions are paid under this act, and all other provisions affecting other pensioners under this act shall apply to those pensioned under this section.

11. The State Board of Education shall publish annually the retired teachers' list in the Virginia Journal of Education, or some other paper selected by it, giving the name, age, and quarterly pension of each person on said list, together with a statement of the class under which he is retired.

12. In the interest of fairness and justice to all parties, the deductions provided for in section three of this act shall be made to apply to all persons whose names have been or shall be placed on the "retired teachers' list" prior to the time this law goes into effect under such rules and regulations as may be prescribed by the State Board of Education.

13. The State Board of Education is authorized to make such further rules and regulations as are necessary to carry out the purposes of this act.

80. **May suspend pupils.**—A teacher of a public free school may, for a sufficient cause, suspend pupils from attendance on the school until the case is decided by the board of school trustees, which shall be with as little delay as possible: provided, that in all such cases of suspension the teacher shall report the facts in writing to the district school board, and to the parent or guardian of the child suspended. (Code, Sec. 1479)

81. **Meeting of teachers to be encouraged; summer schools.**—First. Teacher's meetings.—County or district school boards may encourage meetings of teachers to be held from time to time in any county or school district under such regulations as the division superintendent of schools may prescribe.

Second. Appropriation for summer schools.—A sum not exceeding five thousand dollars, payable out of any amount appropriated out of the general fund of the State for public free school

purposes, may be used annually by the State Board of Education for the establishment and maintenance of State summer schools for the better equipment of the teachers in the public schools of this State: provided, that not less than eight such summer schools shall be held annually in this State.

**Third. Purpose of summer schools.**—The purpose of said summer schools shall be to familiarize the teachers in the public schools of this State with more advanced methods of teaching and to furnish such additional academic training as will tend to promote the usefulness of the public schools.

**Fourth. How conducted.**—The said summer schools shall be conducted under the general management of the State Board of Education, and shall be subject to the supervision of the Superintendent of Public Instruction, who shall from time to time select the places of holding said summer schools, the instructors thereof, and regulate the course of instruction to be pursued therein.

**Fifth. Terms and regulations.**—The said summer schools shall be held for a period of not less than four weeks in each year, beginning on such day or days in the summer vacation of the public schools as may be designated by the Superintendent of Public Instruction. The sum hereby authorized to be expended shall be applied exclusively to the payment of instructors and to other necessary expenses incident to the conduct of said schools: provided, that all claims for services of instructors and other necessary expenses shall be submitted to and approved by the State Board of Education, and when so approved shall be paid by warrants of said board, drawn on the Second Auditor, and a separate account of the receipts and disbursements on account of the appropriation shall be kept by said board. (Code, Sec. 1481)

**82. Preference to be given to graded schools.**—In all localities where the number of children is sufficient, preference shall be given, under suitable regulations, to the establishment of graded schools. (Code, Sec. 1502)

**83. What to be taught in schools.**—In every public free school shall be taught orthography, reading, writing, arithmetic, grammar, geography, physiology, and hygiene, civil government, drawing, history of the United States and history of Virginia. In teaching physiology and hygiene approved text-books shall be used plainly setting forth the effects of alcohol and other narcotics on the human system, and such effects shall be as fully and thoroughly taught as are other branches of the said last named sub-

jects. Provision shall further be made for moral education in the public schools to be extended throughout the entire course. Such instruction shall be imparted by reading books and text-books inculcating the virtues of a pure and noble life. The text-books shall be selected as are other text-books by the State Board of Education. (Code, Sec. 1497)

**84. Provision for intermediate grades of instruction.**—For the purpose of encouraging an intermediate grade of instruction between that of the grammar school and that of the college, any county school board or any district school board may, under regulations to be prescribed by the State Board of Education, establish and maintain schools of higher grade, or in any public school provide for instruction in any branches necessary to qualify pupils to teach in the public schools or to enter institutions of higher education: provided that for instruction in such higher branches the board may require a fee, to be paid monthly or quarterly in advance, not to exceed two dollars and fifty cents per month for each pupil. (Code, Sec. 1498)

**85. Higher branches not to interfere with elementary.**—The establishment of such schools of higher grade or the introduction of such higher branches shall not be allowed to interfere with regular and efficient instruction in the elementary branches. (Code, Sec. 1499)

**86. How number of schools regulated.**—The number of schools in the State shall be according to the funds available, and for this purpose the district school boards are authorized to provide for the consolidation of schools and the transportation of pupils. (Code, Sec. 1503)

**87. To establish and maintain a system of public high schools and to appropriate money therefor.**—First. It shall be lawful for any district school board or district school boards to establish and maintain a public high school at such place as may be both most convenient for the pupils who attend and most conducive to the purposes of such school: provided, that the high school may be conducted either in a suitable building provided for that purpose, or in the same building with one of the graded schools of the district in which said high school is established, but no State funds shall be appropriated under this act for high school purposes until provision has been made to maintain, for a term of at least five months in each year, the primary and grammar school of the district or districts establishing said high school in such county or counties.

Second. Two or more districts in the same or adjoining counties may unite in establishing and maintaining a joint high school under the provisions of this act, and under such rules and regulations as may be prescribed by the State Board of Education; and the said board shall also prescribe the requirements for admission to such high school and the conditions on which properly prepared pupils residing in other districts may attend said high school.

Third. The superintendent or superintendents of any division in which said high school shall be established shall give due notice of the same to the State Board of Education, and before any State funds shall be appropriated for the support of such school the said board shall cause the same to be inspected by a competent person, to see that suitable arrangements have been made to enable the school to conform to such standard as may be prescribed by the State Board of Education for regularly organized public high schools in this Commonwealth; and when the district school board or district school boards shall appropriate annually as much as two hundred and fifty dollars for the support of such high school from the local school funds under the restrictions named in the first section of this act, or from funds privately subscribed for this purpose, and this fact shall have been duly certified to the State Board of Education by the superintendent of the division in which such high school is established, then the State Board of Education shall issue annually a warrant on the Second Auditor for two hundred and fifty dollars (\$250), except as hereinafter provided, in favor of the treasurer of the county in which such high school is located, which money shall be placed to the credit of the high school fund of the district in which such high school is located and paid on the warrant of the district school board exclusively for the support of said high school. The treasurer of each county in which such high school is located shall keep such funds separate and distinct from other public school funds, and shall make a detailed report of receipts and disbursements of said high school fund to the division superintendent of schools at the same time that he makes the annual report of his settlement with the county school board: provided, that not more than one high school in any school district shall have the benefit of the appropriation of State funds provided for in this act unless, in the judgment of the State Board of Education, the area

and school population of a district may justify the establishment of more than one high school therein.

Fourth. The sum of fifty thousand dollars (\$50,000) is hereby appropriated annually for the purposes of this act, to be paid out of any money in the State treasury not otherwise appropriated, which amount, or so much thereof as shall be necessary, upon the itemized statement of the State Board of Education duly certified and filed with the Auditor of Public Accounts, shall be turned over by the Auditor of Public Accounts, to the Second Auditor and shall be placed to the credit of the literary fund, and shall be used exclusively for the support of public high schools established and maintained in accordance with the provisions in this act; provided, that if any district school board or district school boards shall appropriate a larger amount the State Board of Education shall issue annually a warrant equal to the amount appropriated by said district school board or district school boards, but said warrant issued by said State Board of Education shall not exceed four hundred dollars (\$400) for any one high school in any one year; provided also, that the State Board of Education shall have the power to fix such rules and regulations as are necessary for the proper distribution of this fund. (Acts 1906, page 350)

**88. To provide for normal instruction in certain public high schools.**—Whereas trained and capable teachers are indispensable to an efficient system of public schools; and whereas there are now in successful operation in nearly every school division in the State public high schools in which are taught the higher branches of learning, and which by the adoption of a normal school course in connection with the ordinary curriculum provided for such schools can be made a convenient and economical means of providing competent teachers for primary schools in the rural districts of the State; therefore,

1. Be it enacted by the General Assembly of Virginia, That the sum of fifteen thousand dollars, or so much thereof as may be necessary, be, and the same is hereby, appropriated annually for the purposes of this act, to be paid out of any money in the State treasury not otherwise appropriated; which amount, upon the order of the Board of Education, duly certified and filed with the Auditor of Public Accounts, shall be turned over by said Auditor to the Second Auditor and shall be placed to the credit of the literary fund, and shall be used exclusively for the pay of

teachers in the normal department of such public high schools as may be designated by the State Board of Education as hereinafter prescribed: provided, that no school shall receive under this act during any year a larger appropriation than fifteen hundred dollars.

2. The State Board of Education shall issue annually a warrant on the Second Auditor for such sums as may be appropriated to the high schools designated by said board in favor of the treasurer of the county or city in which such high school is located, which money shall be placed to the credit of the high school fund of the district in which such high school is located and paid on the warrant of the district school board exclusively for the pay of teachers employed in the normal school department of said high school.

3. The State Board of Education shall designate the public high schools in which a normal school department may be established and conducted under the provisions of this act, and shall prescribe the normal course which is to be adopted and taught in said schools in connection with the high school curriculum already provided, and shall determine the qualifications of all teachers employed in such normal school department. The chief object of such normal school department shall be to instruct teachers in the best methods of organization, teaching and management of primary schools in the rural districts. The Board of Education, in its discretion, may prescribe that any pupil receiving the benefit of such course of normal school training shall obligate himself to teach for not less than two years in the rural public schools of the State.

4. The said Board of Education shall designate not more than one such high school in any county; but the said board may in its discretion select some public high school within an incorporated town or city which is located in such county, provided no State normal school is located in said incorporated town or city.

5. This act shall be in force from July thirty-one, nineteen hundred and eight. (Acts 1908, page 69)

**89. To provide for instruction in agriculture, domestic arts and sciences, and manual training in public high schools.—1.** Be it enacted by the General Assembly of Virginia, That in at least one public high school, to be selected by the State Board of Education in each congressional district of the State, a thorough course in agriculture, the domestic arts and sciences and manual

training shall be given in addition to the academic course prescribed for such high schools, and at least one-fourth of the school time shall be devoted to these subjects.

2. Not less than five acres of land, convenient to each of said schools, shall be acquired by lease, purchase or donation for the purpose of providing practical demonstration in agricultural science. The cultivation of these lands, as far as practicable, shall be done by the students themselves.

A careful account shall be kept of the product of each student's labor, showing how it is disposed of and the prices received on the products which are sold. The proceeds of such sales shall be applied or used under general regulations adopted by the district school board of the county in which the agricultural school is located, which regulations must be approved by the State Board of Education.

3. Suitable buildings shall be provided and equipped for the purposes of said schools, including workshops planned for practical instruction in elementary manual training, in bench work, and in other forms of shop work applicable to rural life.

4. All female students attending the high schools provided for under this act shall be instructed in the domestic arts and sciences, and suitable equipment for such instruction shall be provided by the district school boards out of the funds applicable to the maintenance and equipment of the school. Said female students may also take the agricultural course if they so desire.

5. The agricultural high schools established under this act may be used as centers for directing the demonstration farm work and other extension work throughout the bounds of the several congressional districts, and shall be conducted under such rules and regulations as the State Board of Education and the president of the Virginia College of Agriculture and Polytechnic Institute may prescribe.

6. For the fiscal year ending the twenty-eighth day of February, nineteen hundred and eleven, the sum of thirty thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the sum turned over to the State Board of Education for apportionment among the schools of the primary and grammar grades, the said thirty thousand dollars to be used for the purpose of carrying out the provisions of this act.

7. For the fiscal year ending the twenty-eighth day of February, nineteen hundred and twelve, and annually thereafter, the

sum of thirty thousand dollars is hereby appropriated out of the sum turned over to the State Board of Education for apportionment among the schools of the primary and grammar grades for the purpose of carrying out the provisions of this act. And for the said last named fiscal year the further sum of twenty-five thousand dollars is hereby appropriated out of any money in the treasury not otherwise appropriated to be used for the special purpose of providing buildings and equipment for said schools. And for the said last named fiscal year the further sum of ten thousand dollars is hereby appropriated out of the sum turned over to the State Board of Education for apportionment among the schools of the primary and grammar grades for the purpose of providing for the traveling, demonstration and extension work to be connected with the said high school. All of the sums appropriated by this section of this act shall be turned over to the State Board of Education to be by that board apportioned and expended as provided by the terms of this act. (Acts 1910, page 362)

**90. To authorize the boards of supervisors in the several counties in this State to appropriate money for the establishment, equipment and maintenance of agricultural schools.**—Whereas by an act approved on the fourteenth day of March, nineteen hundred and eight, the General Assembly of Virginia authorized the establishment of an agricultural school in each congressional district of the State; therefore.

1. Be it enacted by the General Assembly of Virginia, That the board of supervisors in the several counties in this State be, and they are hereby, authorized to appropriate such sum or sums of money as to them may seem proper, in their discretion, for the establishment, equipment or maintenance of such an institution.

2. All appropriations heretofore made by the board of supervisors of any county for the purposes above mentioned are hereby ratified and validated. (Acts 1910, page 328)

#### PUPILS

**91. Who admitted to public schools; provision for children of adjoining districts; separate schools for white and colored.**—The public free schools shall be free to all persons between the ages of seven and twenty years residing within the school district; and

the State Board of Education shall have power, and it shall be its duty, to make regulations whereby the children of one district may attend school in an adjoining district, either in or out of the county: provided, that white and colored persons shall not be taught in the same school, but shall be taught in separate schools, under the same general regulations as to management, usefulness, and efficiency. (Code, Sec. 1492)

**92. Qualifications of preceding section.**—The preceding section is subject to the following qualifications:

First. Any person domiciled in this State who is a taxpayer in any school district of the State, although not a resident of said school district, may send his children to any public free school therein upon such terms and conditions as may be prescribed by the school board of the said school district, and any guardian who is a taxpayer as aforesaid for his ward or wards shall be entitled to the same privilege for them if they are domiciled in Virginia: provided, that the said taxpayer or guardian shall have the right of appeal to the county school board of the county in which said district is situated, which said county school board shall decide finally what are just and proper terms and conditions in each case: and provided further, that children whose parents or guardians do not reside in a town constituting a separate school district or a city shall be received into the public schools of such town or city only upon such terms and conditions as may be prescribed by the school board thereof for children residing therein; but the provisions of this act shall not apply to indigent children.

Second. The school board of any district bordering on another State which grants the same privilege to the State of Virginia may, in its discretion, admit into its school, free of tuition, persons of school age residing beyond the limits of this State, but near thereto, if their parents or guardians pay taxes in the said district.

Third. Attendance shall be upon the school in the district nearest to the residence of the pupils, unless otherwise ordered by the district school board, subject to the regulations of the State Board of Education. (Code, Sec. 1493)

**93. Who colored; who Indian.**—Every person having one-sixteenth or more of negro blood shall be deemed a colored person, and every person not a colored person having one-fourth or more of Indian blood shall be deemed an Indian. (Acts 1910, page 581)

**94. Admission of persons between twenty and twenty-five years of age.**—Any board of district school trustees may, in its

discretion, admit as pupils into any of the public free schools of its district persons between the ages of twenty and twenty-five years on the prepayment of tuition fees, under regulations to be prescribed by the State Board of Education, provided the admission of such pupils will not, in the opinion of the district board, impair the usefulness and efficiency of such school. (Code, Sec. 1494)

**95. Providing (in certain cases) for the compulsory attendance of children between the ages of eight and twelve years upon the public schools of Virginia, and providing penalty for failure, and designating the manner of collecting such penalties.—1.** Be it enacted by the General Assembly of Virginia, That every parent, guardian, or other person having charge or control of any child between the ages of eight and twelve years shall be required to send such child to a public school of this Commonwealth for at least twelve weeks in each school year, at least six weeks of which shall be consecutive, unless the district school trustees of the district in which such parent, guardian or other person resides excuse for cause such child, or unless such child be weak in body or mind, or can read and write, or is attending a private school, or lives more than two miles by the usual traveled route from the nearest public school, or more than one mile from the line of an established public free school wagon route: provided, however, that the provisions of this act shall not apply in any county, city or town of this Commonwealth except and until the qualified voters of such county or city or town shall, as hereinafter provided, avail themselves of the provisions hereof.

**2.** The provisions of this act may be made to apply in any county, city, town or magisterial district constituting a separate school district of this Commonwealth by submitting the question of compulsory education to the qualified voters of such county, city, or town at any general election to be held in said county, city, town or magisterial district composing a separate school district at any general election to be held in said county, city or town, or at any special election held for the purpose as hereinafter provided.

Whenever the school board of any county, city, or town shall, by a recorded vote, express the desire to submit the question of compulsory education to the people of such county, city, town or magisterial district constituting a separate school district at a general election, it shall be the duty of the division superintendent

of such county or city to certify that fact to the electoral board of such county or city, who shall, at least thirty days before the next general election see to it that the question is printed upon the official ballot of such election in type similar to that used for the rest of the ballot, and in the following form: "For compulsory education," "Against compulsory education."

Whenever a majority of a county, city or town school board, or a number of qualified voters of such county, city, town or magisterial district composing a separate school district equal in number to one-third of the total number of votes cast in said county, city, town or magisterial district composing a separate school district at the last preceding regular November election by a petition duly signed, shall petition, in writing, the judge of the circuit or corporation court of any county or city for a special election in such county or city on the question of compulsory education therein, such court or judge shall, within ten days after the receipt of said petition, issue a writ of election, in which shall be fixed the day of holding such election, directed to the sheriff of his county or sergeant of his corporation, as the case may be, whose duty it shall be to post forthwith a notice of said election at each voting precinct in said county, city, town or magisterial district composing a separate school district, as the case may be. He shall also give notice to the officers charged with the duty of conducting other elections in said county, city, town or magisterial district constituting a separate school district, as the case may be; but no special election shall be held under this act within less than thirty days from the posting of such notices as aforesaid. Said special election shall be held and conducted as other special elections are held and conducted. If it appear from the abstracts and returns of said general or special election that a majority of the votes cast in the county, city, town or magisterial district constituting a separate school district as a whole, as the case may be, were for compulsory education, then, at the beginning of the next school year after the holding of such election the provisions of this act for compulsory education shall become effective in any county or city thus voting in favor thereof.

After any such general or special election has been held in any county or city there shall not be another election under this act held in said county or city within two years.

3. The ballots to be used in said special election shall be respectively as follows: "For compulsory education," "Against com-

pulsory education." In all other particulars, except wherein otherwise provided by this act, said election shall be held, conducted, the returns thereof canvassed and certified, or contested, according to the provisions of chapter twenty-five of the Code of Virginia so far as applicable.

Those qualified to vote in such special election shall be those who were qualified to vote at the preceding regular November election, and such others as may have come of age, registered and become qualified voters since said preceding regular election.

4. In every county or city of this Commonwealth in which the provisions of this act may be made to apply as aforesaid each district school board shall, on the second Monday in February and the second Monday in September, or within fifteen days thereafter, each year, in such manner as the State Board of Education may direct, ascertain the condition of all children between the ages of eight and twelve years who are not in attendance upon any public school, and shall report all violations of this act to its district clerk, who shall at once proceed to prosecute each and every such offence.

5. A parent, guardian, or other person who fails to comply with the provisions of this act shall be liable to a fine of not less than two nor more than ten dollars for the first offence, nor less than five nor more than twenty dollars for each subsequent offence; such fine shall be collected by the clerk of the respective district school boards in the name of the Commonwealth, and in an action before any court of competent jurisdiction, and the money so collected by each clerk shall be paid into the State treasury and be applied to the district school fund of the district or districts from which the said fines were received.

6. The clerk of the district school board in each district in the counties or cities wherein the provisions of this act are adopted as aforesaid shall prosecute every offence against the provisions of this act, when a member of the district school board, or any taxpayer of the district in which the offending party resides files with him an affidavit setting forth the facts constituting the offence: and if he neglect to do so within fifteen days after such affidavit is filed he shall be liable to a fine of not less than five nor more than ten dollars for each case of such neglect, to be collected in the name of the Commonwealth before any court of competent jurisdiction by any person feeling aggrieved thereby, and the money collected for such fine shall be paid into

the State treasury and applied to the district school fund of the district in which such clerk resides.

7. Two weeks' attendance at half time or night school shall be considered, within the meaning of this act, equivalent to an attendance of one week at a day school.

8. For each and every prosecution under the provisions of this act the clerk of the district school board of the district wherein such prosecution is had shall receive a fee of two dollars, to be paid out of the district school fund of said district. (Acts 1908, page 640)

**96. Minimum required for a school.**—A minimum number of pupils, under regulations to be prescribed by the State Board of Education, shall be required in order to form a public free school. (Code, Sec. 1495)

**97. Exclusion of persons with contagious diseases, or who have not been vaccinated.**—Teachers shall require of the pupils cleanliness of person and good behavior during their attendance at school and on their way thither and back to their homes.

Persons suffering with contagious diseases shall be excluded from the public free schools while in that condition. Every teacher and pupil shall, within ten days after entering a public free school, furnish a certificate from a reputable physician certifying that such teacher or pupil has been successfully vaccinated or is entitled to exemption by reason of peculiar physical condition: provided, that nothing in this section shall preclude a school board from requiring immediate vaccination in case of an epidemic of small-pox or the annual revaccination of those who have not furnished certificates of proper vaccination: provided further, that the operation of so much of this section as concerns vaccination may be suspended in whole or in part by the school board of any city or county.

Should any children who attend the public free schools be unable to pay for vaccination they shall be vaccinated with genuine vaccine matter at the cost and expense of the town or county, and provision shall be made therefor by the council of the town or by the board of supervisors of the county. (Code, Sec. 1496)

**98. Compulsory vaccination free to the poor, including children attending free schools.**—The council of any city or town and the board of supervisors of any county, when in their judgment occasion requires, may cause persons residing within the limits of such city, town, or county to be vaccinated with genuine vaccine matter;

and the council of any city or town and the board of supervisors of any county may enforce obedience to its ordinance or orders, as the case may be, by fixing fines and penalties for the violation of said ordinance or orders. Should any person, including children who attend the public schools, be unable to pay for vaccination such person shall be vaccinated with genuine vaccine matter at the cost and expense of the city, town, or county, and provision shall be made therefor by the council of the city or town or by the board of supervisors of the county. (Code, Sec. 1733)

**99. An act for the testing of the sight and hearing of pupils in the public schools.**—1. Be it enacted by the General Assembly of Virginia, That the State Superintendent of Public Instruction be, and is hereby, directed to prepare or cause to be prepared, upon the advice and approval of the State Board of Health, suitable test cards, blanks, record books, and other needful appliances to be used in testing the sight and hearing of pupils in the public schools, and shall also obtain necessary instructions for the use thereof; and shall furnish the same free of expense to all the schools of the State, upon request of the school board of any county or city, accompanied with the statement from the clerk thereof that the said board had by resolution adopted the use of said test cards, blanks, et cetera, and had directed the use thereof in schools under their charge; and within fifteen days after the beginning of the term, or after receiving the said test cards, et cetera, the principal or teacher in all said schools shall test the sight and hearing of all the pupils under their charge, and keep a record of such examinations in accordance with instructions furnished, and whenever a pupil is found to have any defect of vision or hearing, or disease of the eyes or ears, he shall forthwith notify the parent or guardian, in writing, of said defect, with a brief statement thereof. Copies of said reports shall be preserved for the use of the State Superintendent of Public Instruction as he may require.

The State Superintendent of Public Instruction, upon approval of the State Board of Health, may expend during the year nineteen hundred and eight the sum of not greater than four hundred dollars, and annually thereafter a sum of not greater than three hundred dollars, for the purpose of carrying out the provisions of this act. (Acts 1908, page 661)

**100. Duties of county treasurer as to school funds; his pay.—** The county treasurer shall, in all cases, collect and disburse or invest the funds placed under the control of a county or district school board and all moneys coming into the hands of said boards in accordance with the direction of the board controlling the fund, and, unless otherwise specially provided, shall receive such compensation as the county school board may determine: provided that the same shall not be more than one per centum upon the amount received. For the proper application of all such funds he and his sureties upon his official bond shall be liable. (Code, Sec. 1449)

**101. To provide the commissions that shall be allowed county treasurers upon funds handled by them that are raised by the issuance and sale of county bonds and of school district bonds.—**

1. Be it enacted by the General Assembly of Virginia, That in all cases where funds are raised by the board of supervisors of the several counties in this State by the issuance and sale of county bonds and of school district bonds that were not otherwise provided by statute, the compensation to be paid to the treasurer of the respective counties for receiving and disbursing the fund derived from such sale shall be one-fourth of one per centum: provided, however, that the compensation of treasurers under this act shall in no case be less than fifteen dollars nor more than two hundred and fifty dollars. (Acts 1908, page 559)

**102. County treasurers to receive and disburse school moneys; to collect school levies and keep separate accounts; their compensation.—** All school moneys to be disbursed in any county shall be received, kept, and disbursed by the county treasurer thereof, subject to similar responsibility as in case of other funds by law committed to him. It shall be his duty also to receive and collect all taxes levied or ordered by the board of supervisors of his county for public free school purposes therein at the same time and in the same manner, and subject to the same provisions, regulations, restrictions, and penalties as are or may be prescribed by law for the receipt and collection of county levies for other and ordinary purposes. He shall keep the district funds in separate accounts from those of the State and county, but his books shall show whence and on what accounts the moneys were severally de-

rived, and by what order, on what account, and to whom the disbursements were made. He shall make disbursements only in pursuance of a warrant, in writing, from the proper authority, in manner and form as prescribed in this chapter. For receiving, collecting, and disbursing levies imposed for and by counties or school districts, he shall be entitled to the same compensation allowed him by law for receiving, collecting, and disbursing county levies and for other ordinary purposes. In computing commissions for collecting and disbursing all sums levied for county, school, and district purposes, the amounts shall be treated as one sum, and shall not be divided for the purpose of calculating the treasurer's commissions. His compensation for disbursing moneys apportioned to the county from the State funds for public free school purposes shall be a commission of not exceeding one per centum on the amount thereof, to be fixed by the county school board. (Code, Sec. 1515)

**103. When to receive taxes and levies; advertise time and place; penalty on taxpayers after the first of December; treasurer to call on each taxpayer; when they may distrain.**—Each treasurer shall commence to receive the State taxes and county and city levies on or before the first day of July of each year, or as soon thereafter as he may receive copies of the commissioners' books, and continue to receive the same up to the first day of December thereafter; and for this purpose each county treasurer shall advertise for at least ten days at the court-house and at the voting places in the magisterial districts, in such manner as may be necessary to give general publicity thereto, upon what day or days he will be at some convenient public places in each magisterial district to receive taxes and levies; and shall, at the time specified, go to the places so designated and remain there one day or more, at his discretion, for the purpose of receiving the State taxes and county levies, and shall receive the same, and so forth. Any person failing to pay any State taxes or county and city levies to the treasurer by the first day of December shall incur a penalty thereon of five per centum, which shall be added to the amount of taxes or levies due from such taxpayer, which, when collected by the treasurer, shall be accounted for in his settlements.

It shall be the duty of the treasurer, after the first day of December, to call upon each person chargeable with taxes and levies who has not paid the same prior to that time, or upon the agent, if any, of such person resident within the county or cor-

poration, for payment thereof; and upon failure or refusal of such person or agent to pay the same he shall proceed to collect them by distress or otherwise: provided, that should it come to the knowledge of the treasurer that any such person or persons owing such taxes or levies is moving or contemplating moving from the county or corporation prior to the first day of December, he shall have power to collect the same by distress or otherwise at any time after such said bills shall have come into his hands: provided further, that it shall not be necessary for the treasurer of the county of Henrico to designate or to go to any place other than the county court-house in the city of Richmond in order to receive the taxes and levies to be paid to such treasurer. (Code, Sec. 603)

**104. Treasurers to return lists of uncollectable taxes and delinquents.**—The treasurer, after ascertaining which of the taxes and levies assessed in his county or city cannot be collected, shall, not later than the first day of July in each year, make out lists of three classes—to-wit: First, a list of property on the commissioner's land book improperly placed thereon or not ascertainable, with the amount of taxes and levies charged on such property; secondly, a list of other real estate which is delinquent for the non-payment of the taxes and the levies thereon; and thirdly, a list of such of the taxes and levies so assessed other than on real estate as he is unable to collect, except that in the counties of Accomac and Northampton it shall be lawful for the treasurers of said counties to make such lists at any time prior to the first day of December of any year. (Code, Sec. 605)

**105. Compensation of treasurers for receiving and paying over revenue.**—Every treasurer shall be allowed for his services in receiving and paying over the revenues on amounts of twenty-five thousand dollars and less, five per centum, and on amounts in excess of twenty-five thousand dollars, three and one-half per centum, which shall be the entire compensation allowed treasurers in counties and cities in which the revenue exceeds twenty-five thousand dollars: provided, that in counties and cities in which the revenue does not exceed ten thousand dollars he shall, in addition to the five per centum, receive four per centum on all revenues remaining unpaid on December first and collected by him; and in counties and cities in which the revenue exceeds ten thousand and does not exceed fifteen thousand dollars he shall, in addition to the five per centum, receive three per centum on all the

revenues remaining unpaid December first and collected by him: provided further, that the commissions of the city treasurer for collecting and paying over the revenue where the annual collection is in excess of sixty thousand dollars, shall be at the rate of two per centum on such excess: provided further, that where the revenue exceeds fifteen thousand dollars but is not sufficiently in excess thereof to make the treasurer's compensation as much as it would have been had such revenue been less than fifteen thousand dollars, the treasurer shall be entitled to two per centum commission on all revenues remaining unpaid the first of December and collected by him up to fifteen thousand dollars. (Code, Sec. 613)

**106. Their compensation for receiving and disbursing levies.** The county treasurer shall be allowed for his services in receiving and disbursing the county and school levies, including all moneys collected by order of the county authorities for any purpose, the compensation provided for in the preceding section, and the city treasurer shall be allowed for his services in receiving and disbursing the city and school levies (where he is collector of such levies) the same rate of compensation allowed by the preceding section for receiving and paying over the revenues, except on all amounts over twenty-five thousand dollars, on which such city treasurer shall be allowed three and a half per centum. But upon all funds turned over by any outgoing county treasurer his successor, for receiving and disbursing said funds, shall have not more than two per centum commission. (Acts 1910, page 160.)

**107. Treasurer's accounts; how rendered and examined.**—The county treasurer shall, on the first day of December of each year, or within twenty days thereafter, make to the division superintendent of schools, on blanks to be furnished by the Superintendent of Public Instruction, a report showing the amount collected on account of the State, county, and district school levies, respectively, prior to the first day of December of said year on which no penalty is due, and also the balance of each of said levies uncollected and upon which the penalty of five per centum is to be added, and showing the number and amount of warrants on the State, county, and district funds presented for payment from each district, respectively, the number and amount of such warrants paid by the treasurer and the balance of State, county, and district funds on hand, and to what districts due. If any treasurer shall fail to comply with the provisions of this section it shall be the duty of the county school board to impose a fine of not less

than one dollar nor more than five dollars a day for each day of such delinquency, the said fine to be deducted from any pay or percentage of such treasurer. The said report shall be verified by the affidavit of the treasurer.

The treasurer of every town constituting a single school district shall perform like duties, be subject to like fines and penalties, and be entitled to the same rate of compensation as the treasurer of a county. (Code, Sec. 1518)

**108. Annual reports of treasurers and clerks of district boards to county board; records and papers.**—It shall be the duty of the county treasurer to furnish, for the use of the county school board at its annual meeting in August, a report for the school year closing next preceding said meeting, showing in detail all transactions pertaining to the receipt and disbursement of school funds for said school year, together with his books, vouchers, or other official papers which contain accounts or evidences of receipts or disbursements; and likewise it shall be the duty of the clerks of the district boards to lay before the county school board, at the annual meeting, their official record and account books, contracts, deeds, and all other official books and papers pertaining to the school business of the year just closed. Upon examination of these records, accounts, or papers, should there appear to have been any delinquency or irregularity in the acts of the treasurer or clerk of the county or district boards, or of any district board, or any member thereof, it shall be the duty of the county school board to cause a minute of the facts to be made in its records, and to take such other action as the case may require. It shall also be the duty of the county school board to cause all warrants which have been presented and paid by the county treasurer at this settlement to be cancelled by some efficient cancelling device, after which the said warrants shall be delivered to the division superintendent, who shall keep the same on file at least twelve months before destroying them. (Code, Sec. 1484)

**109. Penalty for failure; superintendents to report on delinquent officers.**—Should any county treasurer or clerk of any district school board fail to produce and lay before the county board his books and papers as required by the preceding section, it shall be the duty of the clerk of the county board to enter upon the minutes of that meeting a fine of twenty-five dollars against every such delinquent treasurer or clerk, which amount shall be deducted from the pay or percentage of such officer.

It shall be the duty of the division superintendent, before sending his annual report to the Superintendent of Public Instruction, to examine the books and papers of every such delinquent officer, and to make a special report thereon in connection with his annual report. The county board shall have power to remit the said fine only on the presentation of good and sufficient reasons for so doing, and the resolution remitting said fine shall not be effective unless and until the same shall have been approved by the State Board of Education. (Code, Sec. 1485)

**110. Unexpended school funds; how disposed of.**—All sums of money derived from State funds which are unexpended in any year in any public free school district shall go into the general school fund of the State for redivision next year, unless the State Board of Education direct otherwise; and all sums derived from the county or district funds unexpended in any year shall remain a part of the county or district funds, respectively, for use the next year. But no sums derived from county or district funds shall be subject to redivision outside of the county or district, respectively. (Code, Sec. 1520 or 1521)

**111. Treasurer not to deal in county warrants; remedy for failure to pay warrant.**—No county treasurer or any of his deputies shall, either directly or indirectly, obtain by contract, purchase, barter or exchange, either for himself or any other person, or become the owner, in whole or in part, of any warrant drawn upon the county treasury or payable out of the same; and if any county treasurer or deputy shall so contract for or purchase any such warrant such treasurer shall not be allowed in his annual settlement the amount of said warrant, or any part thereof, and this shall be in addition to the penalties prescribed in section eight hundred and sixty-six. If any such treasurer fail to pay, upon presentation, any legal warrant, having in his hands at the time funds out of which the same ought to be paid, or fail to set apart necessary funds when the same shall come into his hands for the payment thereof in its order, if listed under section eight hundred and fifty-nine, and to pay over the amount due upon such warrant as soon thereafter as the same may be again presented, the holder thereof may, on motion in his own name, in the circuit court of the treasurer's county, recover from him and his sureties the amount of such warrant, together with damages, after the rate of ten per centum per month on the said amount from the time such

treasurer should have paid the same, and the costs of such motion, including an attorney's fee of five dollars. (Code, Sec. 863)

**112. Suits against treasurers.**—For every breach of the condition of the bond of the treasurer of any county or city, either in failing to account for and pay into the treasury all taxes due from him to the State, or to pay over to his successor all moneys required by section eight hundred and sixty-two to be paid to his successor in office when he goes out of office, suit may be brought against such treasurer and his sureties on his official bond in the first case in the circuit court of the city of Richmond for the use of the State, or in the second case in the circuit court of his county or the circuit or corporation court of his city, at the relation of his successor, for the use of the city, county, district, county school board or district school board, as the case may be, or the same, together with damages and costs as prescribed by section eight hundred and sixty-three, may be recovered by motion in said courts. A motion under this section shall be after at least five days' notice, and when on behalf of the Commonwealth shall be in the name of the Commonwealth, and in all other cases in the name of the successor in office of such treasurer. Upon any judgment rendered in such suit or motion a writ of fieri facias may issue, which shall conform in all respects to writs of fieri facias issued under chapter thirty, and be proceeded with in the same manner. (Code, Sec. 865)

**113 When treasurer settles with board of supervisors.**—The treasurers of the several counties of this State shall settle with the board of supervisors and school boards by the first day of October of each year, and shall, on said first of October, exhibit to said judge and Commonwealth's attorney the cash to balance their accounts, if any is due, with the county levy and the county school fund. If any treasurer fail to produce said cash to balance his said account, then said court shall, after service of rule as prescribed by section three of this act, suspend said treasurer and appoint some competent person to discharge his duties, as provided in section three of this act. (Code, Sec. 786a. Sub. Sec. 5)

**114. Relief of any county or city treasurer who has lost the school warrant issued to any county or city treasurer.**—Upon the production of satisfactory evidence that the school warrant issued by the Auditor of Public Accounts to any county or city treasurer for any year has been lost, and that the amount of said warrant has been paid in the manner prescribed by law by the treasurer

of said county or city, the Auditor of Public Accounts is hereby authorized, upon settlement with said treasurer, to credit him with the amount of said warrant: provided, that the Auditor of Public Accounts shall take from the said treasurer a bond of indemnity of sufficient penalty, with proper security, conditioned to save the Commonwealth harmless by reason of the loss of said warrant. (Code, Sec. 773b)

**115. Limiting the time in which warrants drawn by the supervisors, school boards, and county boards shall be paid.**—No warrant or order drawn on the county treasurer of any county by the board of supervisors, district school board, or circuit court shall be paid by said treasurer unless said warrant or order be presented to be paid and registered in a book, to be kept by the treasurer for that purpose, within two years from date of the drawing of the said warrant. (Code, Sec. 860a)

**116. Ascertaining and publishing a statement of the annual receipts and disbursements of the counties and cities of the Commonwealth.**—First. The treasurers of the several counties and cities of the Commonwealth shall, at the date of their annual settlements with the Auditor of Public Accounts as required by law, be, and they are hereby, required to furnish to the Auditor a statement showing the amount of receipts and disbursements of the county or city, as the case may be, for the preceding year. Such statement of receipts shall show what amount was collected by the county or city from taxes on real and personal property, from incomes, licenses, and all other sources. The statement of disbursements shall show what amount was paid on account of judges, Commonwealth attorneys, clerks, sheriffs, schools, roads, for support of the poor, and such other purposes as may be designated as hereinafter provided.

Second. It shall be the duty of the Auditor of Public Accounts to make out and furnish to the treasurers of the counties and cities of the Commonwealth, thirty days prior to the date fixed for their annual settlements as required by law, proper forms for the statements required by the first section of this act, and the Auditor in his discretion may add such items of receipts or disbursements, in addition to those required by the first section of this act, as he may deem proper.

Third. The Auditor at the time of publishing his annual report shall include in such report a statement or table of the receipts and disbursements of the several counties and cities of the Com-

monwealth as shown by the returns hereby required. (Code, Sec. 853a)

117. To permit city and county school boards to change the depositaries of school funds, to prescribe the methods therefor, and to fix the compensation, duties and responsibilities of such depositaries.—First. It shall be the duty of the superintendent of schools of any county or city of this Commonwealth whose treasurer fails to pay, upon presentation, any warrant drawn on him for school purposes, to require such treasurer to furnish to the said superintendent, within thirty days thereafter, a statement, under oath, of all moneys in his hands or collected by him for school purposes, whether they be State, county, city, or district funds, and the amount of each of said funds he may have disbursed.

Second. Whenever any county or city treasurer refuses or fails to furnish the statement as required in section one of this act, in the time and manner therein prescribed, or fails to pay, upon presentation, any warrant drawn on him for school purposes, having in hand sufficient funds to pay such warrant, it shall be the duty of the school superintendent of such county or city to notify the school board thereof of such failure; and it shall be the duty of such school board, and they are hereby empowered, to direct that all funds held by the treasurer of the county or city for school purposes, whether they be State, city, county, or district funds, be transferred and paid over by the treasurer of said county or city to such depositary as the said county or city school board may designate. No commission shall be allowed said treasurer for the disbursement of any money he is hereby required to turn over to the depositary.

Third. The county or city school board shall enter on their minutes an order or resolution directing the transfer of funds as provided by the second section of this act, and designate the depositary to which said funds are to be paid, and shall cause a copy of said order or resolution to be delivered to the judge of the county or corporation court, the treasurer of the county or city, and the several district school boards of their county.

Fourth. Such depositary shall reside in the county or city for which he is appointed, and before receiving any money under this act shall enter into bond, with good security, before the county or corporation court of such county or city, or the judge of such court in vacation, in such penalty as shall be prescribed by such court or judge, which bond shall be payable to the Common-

wealth, and with conditions to faithfully account for and pay over all moneys received by such depositary by virtue of his office.

Fifth. Such depositary shall receive the same compensation as is paid to county and city treasurers for disbursing State school funds, and be subject to the same pains and penalties as are now inflicted by law on county or city treasurers, and be recovered before the same courts and in the same manner as the same are recovered of such treasurers. All laws now in force, or hereafter enacted with reference to drawing warrants for school funds on county or city treasurers, the payment of said warrants, making settlements with county or city school boards, rendering statements, paying over funds to depositaries, or in any way affecting the disbursement of funds held by county or city treasurers for school purposes, shall apply to such depositaries in like manner as the same apply to such county and city treasurers.

Sixth. As soon as the bond required of the depositary under the fourth section has been given, the city school board and the several district school boards shall draw warrants on such treasurer for all school funds in his hands, whether State, city, county or district funds, in favor of said depositary, and deliver the same to the depositary. The warrants shall be signed by the president and secretary of such city or district school board and shall be forthwith presented by such depositary for payment to the treasurer of such city or county, who shall pay the same on demand.

Seventh. If any treasurer of any city or county shall fail to pay any such warrant on demand as hereinbefore provided the amount of such warrant, together with damages thereon, after the rate of ten per centum per month and costs, including an attorney's fee of five dollars, may be recovered of him and the sureties on his official bond by said depositary in the manner and before the courts mentioned in sections eight hundred and sixty-three and eight hundred and sixty-five of the Code, or either of said sections. And it shall be the duty of such depositary to take such proceedings to recover the amount of such warrants. (Code, Sec. 1506a)

**118. Appropriation of glebe lands and church property.—**The glebe lands and church property, or the proceeds thereof held by

the overseers of any county under the act of the twelfth of January, eighteen hundred and two, or under any other act, which may not have been applied to some particular object under a local statute passed for the purpose, shall be appropriated to such object or objects (other than for a religious purpose) as may be voted for in such county (at such time and place as the county court may prescribe) by a majority of the persons entitled to vote in the county for a delegate therefrom to the General Assembly, and if no such object be so voted for, shall remain vested in the said overseers and be appropriated by them for the benefit of the poor of such county. (Code, Sec. 1396)

**119. Glebe lands and church property; in whom vested and how applied.**—All glebe lands and church property, or the proceeds thereof, which may be appropriated under section thirteen hundred and ninety-six, for education in any county, corporation, or school district, shall be vested in the school board of the county or corporation, and when given to a school district shall be vested in the trustees of said school district as a corporate body, and shall be managed and applied by the said school trustees of such districts according to the wishes of the donor, under regulations prescribed by the county or corporation school board. The revenue or income thereof shall be applied, subject to the same penalties and under the same regulations as are prescribed in respect to that portion of the literary fund which is allotted to such county, corporation, or school district. (Code, Sec. 1419)

**120. Fines, and so forth, shall be paid into treasury to credit of literary fund.**—The proceeds of all fines collected for offences committed against the State and directed by section seven of article eight of the Constitution of Virginia to be set apart as a part of a perpetual and permanent literary fund, shall be paid and collected only in lawful money of the United States, and shall be paid into the treasury to the credit of the literary fund, and shall be used for no other purpose whatsoever. (Code, Sec. 743a)

**121. The literary fund.**—There shall be set apart as a permanent and perpetual literary fund the present literary funds of the State, the proceeds of all public lands donated by Congress for public school purposes, of all escheated property, of all waste and unappropriated lands, of all property accruing to the State by forfeiture, and all fines (except where it is otherwise expressly provided) collected for offences committed against the State, donations made for the purpose, and such other sums as the Gen-

eral Assembly may appropriate. The same shall be known as "the literary fund," and shall be invested and managed by the State Board of Education as prescribed by the eleventh subdivision of section fourteen hundred and thirty-three of this chapter. The principal of the said fund shall always remain unimpaired and entire, and the annual income arising therefrom shall be, and is hereby, dedicated exclusively to the support and maintenance of public free schools in this State. It shall be the duty of the Auditor of Public Accounts annually to pay over, in money, according to the usual forms and general provisions of law, all that portion of the annual revenue of the State which is set apart for public free school purposes.

The proceeds of all fines collected for offences committed against the State and directed by section one hundred and thirty-four of article nine of the Constitution of Virginia to be set apart as a part of a perpetual and permanent literary fund shall be paid and collected only in lawful money of the United States, and shall be paid into the treasury to the credit of the literary fund, and shall be used for no other purpose whatsoever. (Code, Sec. 1505)

**122. Approximate apportionment and disbursement of State funds.**—The Auditor of Public Accounts, on or before the first day of November of each year, shall make a calculation of the gross amount of all funds applicable to public free school purposes for the ensuing year, which calculation shall be based upon the land and property books of the several commissioners of the revenue for said year; and when said books have not been received in time he shall base said calculation upon the commissioners' books of the next preceding year. He shall report to the Superintendent of Public Instruction, not later than the first day of November in each year, ninety per centum of the gross amount of all funds found to be applicable to public free school purposes for the current year as an approximate basis for distribution; whereupon, under the direction of the State Board of Education, there shall be furnished to the Auditor a distributive statement of the amounts due the several counties and cities in the State upon this approximate basis.

Upon receipt of such statement the Auditor shall issue his warrant upon the treasurer of the State for one-half of the amount each city or county is entitled to receive, payable to the treasurer of such city or county; and on the first day of February follow-

ing the Auditor shall issue his warrant upon the treasurer of the State for the other half of the amount each city or county is entitled to receive, payable to the treasurer of such city or county. (Code, Sec. 1507)

**123. Treasurer to pay warrants.**—All warrants drawn by district school boards upon the State school tax fund shall be paid by the county or city treasurer out of any State funds received by him from the Auditor of Public Accounts or the Second Auditor. But in no case shall he pay out a greater sum for any district than the amount of State school funds apportioned to said district. (Code, Sec. 1509)

**124. County boards to compare warrants.**—At the annual meeting in August in each year the county school boards shall compare the warrants issued by each district board with those paid by the treasurer, and, through the division superintendent of schools, report the result to the Superintendent of Public Instruction. (Code, Sec. 1510)

**125. Distribution of residue of State funds.**—Should there be found, upon the collection of the taxes, an amount greater than the approximate amount hereinbefore provided due to the public free schools of the State for any one year, then the excess due the schools shall be distributed as provided by section fifteen hundred and seven, and nothing in the school law shall be construed to interfere with the same. (Code, Sec. 1512)

**126. Of what school funds to consist.**—The funds applicable annually to the establishment, support, and maintenance of public free schools in this State shall consist of—

First. State funds, embracing the annual interest on the literary fund; all appropriations made by the General Assembly for public free school purposes; that portion of the capitation tax provided for in the Constitution to be paid into the State treasury and not returnable to the counties, and such tax on property, not less than one mill nor more than five mills on the dollar, as the General Assembly shall from time to time order to be levied. These funds shall be applied exclusively to the maintenance of primary and grammar schools.

Second. County funds, embracing such tax as shall be levied by the board of supervisors in pursuance of this section, and donations, or the income arising therefrom, or any other funds that may be set apart for district (county) school purposes.

Third. District funds, embracing such tax as shall be levied

by the board of supervisors of the county for the purposes of the school district in pursuance of this section; such dog tax as shall be applied to school purposes by the board of supervisors, and donations, or the income arising therefrom, or any other funds that may be set apart for district school purposes.

The board of supervisors of each county, at the regular meeting in April of each year, or as soon thereafter as practicable, or when the division superintendent of schools shall file with the said board the estimates made by the county and district school boards in accordance with section fourteen hundred and sixty-six of this chapter, shall levy a tax of not less than ten nor more than forty cents on the hundred dollars of the assessed value of the real and personal property in the county for the support of the public free schools of the county, and a tax of not less than ten nor more than forty cents on the hundred dollars of the assessed value of the real and personal property in any school district for district school purposes: provided, that should the board of supervisors fail to make a levy sufficient to raise the amounts estimated by the county school board as necessary for county and district school purposes, respectively, it shall, upon a petition in writing from the county school board praying for a reference of the question of such increase in the levy as will make it sufficient to raise the said estimated amounts to the qualified voters of the county or of the district, as the case may be, submit the question and the amount of the increase to the qualified voters of the said county for the increase in the county levy, or to the qualified voters of the said district as to the increase in the district levy: provided, however, that the total levy for county and district school purposes shall not exceed fifty cents on the hundred dollars of the assessed value of the taxable property in both the county and the district: provided further, that no such increased levy shall be made unless a majority of the qualified voters voting at the election shall vote in the affirmative. In towns that constitute single school districts the council instead of the board of supervisors may make the levy for district school purposes.

Boards of supervisors may be permitted to make a less rate of levy than the minimum rates of county or district school levies named above in any case by a special order of the State Board of Education if in the judgment of said board the said less rate of levy will produce sufficient funds to provide adequate school facilities in the county or district concerned. (Code, Sec. 1506)

127. Requiring the several county and district school boards of Virginia to make and publish annually a statement of receipts and disbursements, and providing a penalty for failing to do so.—

1. Be it enacted by the General Assembly of Virginia, That an act entitled an act requiring the several county and district school boards of Virginia to make and publish annually a statement of receipts and disbursements, and providing a penalty for failing to do so, approved March tenth, nineteen hundred and six, be amended and re-enacted so as to read as follows:

the State for its purposes and furnished by the Auditor of Public Accounts to said board; or the order of levy may be a certain per centum upon the amount of the State tax.

Second. To levy school taxes.—To levy a tax upon all the property in the county upon which county levies are laid sufficient to raise the amount recommended by the county school board in their estimates for county school purposes, or so much thereof as it may allow; and to levy a tax upon such property in each school district sufficient to raise the amount recommended by the county school board for district school purposes, or so much thereof as it may allow; but the tax so levied shall not be less than the minimum nor exceed the maximum prescribed in the third subdivision of section fifteen hundred and six. (Code, Sec. 833a)

**129. To authorize and require the board of supervisors to levy a sufficient tax in addition to the levy authorized by law to be laid for general district school purposes to pay the interest on and principal of certain bonds as the same shall become due.**—The board of supervisors of any county wherein the board of school trustees in any school district of such county has, prior to the passage of this act, issued bonds under any special act of the General Assembly, be, and is hereby, authorized and required to levy annually a sufficient tax on the property in such school district, in addition to the annual levy authorized by law to be laid for general district school purposes, to pay the interest on and principal of such bonds as the same shall annually accrue or mature: provided, however, that such annual levy shall not exceed the rate of twenty-five cents on the one hundred dollars of the assessed value of such property. (Code, Sec. 834a)

**130. Assessment of school taxes; district taxes to be kept separate; duty of Auditor as to land and property books.**—All taxes imposed for public free school purposes, whether by the State or by or for any county, or by or for any school district, shall be assessed at the same time and in the same manner as are State and county taxes for ordinary purposes; and in any county or district where such tax has been levied by the board of supervisors of the county, it shall be the duty of the commissioners of the revenue therein to extend such tax in the copies of their land and property books which they return to the treasury of the county. Where two or more school districts are included in the same commissioner's district it shall be his duty, when he extends the school tax in his land and property books, to keep separate the tax for each

school district, indicating by name or number the district wherein the property is taxed. It shall be the duty of the Auditor of Public Accounts to have the land and property books prepared with three columns, one for entering the county school levies, one for entering the district school levies, and the third for entering the name or number of the school district wherein the property is taxed. The said land and property books shall be so ruled as to provide for the proper assessing of all local school taxes, including those on property, et cetera, not assessed with State taxes. (Code, Sec. 1514)

**131. Commissioner of revenue to extend levies and taxes; compensation therefor.**—The commissioner shall extend in his land book and book of personal property the county and city levies, including the school and road tax; and for this additional service he shall receive such compensation as the board of supervisors or council, as the case may be, may deem reasonable. (Code, Sec. 509)

**132. License tax on dogs for protection of sheep and other stock; balance on hand to be devoted each year to county school funds or public roads.**—First. It shall be the duty of the commissioners of the revenue in the counties of this State to take annually, at the time of listing the taxable property therein, a list of all dogs over three months old, showing whether male or female, with the name of the owner or person in whose possession the same is found, upon the oath or affirmation of the owner or housekeeper or head of the family with whom or on lot or premises occupied by him, any dog or dogs may be found, as to the number of dogs such person may own or have, or as may be on the lot or premises occupied by him, whether owned by him (or her) or not; and should the commissioner fail or omit to list a dog, it shall be his duty to make a note of it on his books for the next fiscal year, and the owner of said dog shall be chargeable with said tax in addition to any tax he shall then owe, and shall return such lists of dogs to the clerk's office of their respective counties at the time when they return their lists of taxable property. In addition to the fines and penalties and forfeitures as are now incurred by them for neglect of similar duties under existing law, the commissioner shall be liable to a fine or forfeiture of fifty cents for every wilful or negligent failure to list any dog. The fees for the commissioner of the revenue shall be five cents for each dog listed by him, to be paid out of the funds derived from the license tax on dogs upon the order of the board of supervisors.

Second. That in every case where the owner of the dog fails

to pay, by the first day of July next succeeding the return of said lists the license tax provided for in the third section of this act, it shall be the duty of the constable of the district in which said delinquent resides, or, if there be no constable serving in said district, then it shall be the duty of the sheriff, or a deputy sheriff of the county in which the delinquent resides, to kill said dog, for which he shall receive a fee of fifty cents out of the funds herein-after provided, and to that end the said constable, sheriff, or deputy sheriff shall obtain annually, during the month of July, from the county treasurer, a list of all delinquents under this act in his district, and shall within thirty days after receiving such list kill said dogs, unless the tax on them, together with a fee of twenty-five cents to said constable, sheriff, or deputy sheriff, is forth-with paid, and on his wilful or negligent failure to do so, when practicable, he shall pay a fine of five dollars for each dog he so fails to kill. The constable, or sheriff, or deputy sheriff, shall at the expiration of the thirty days account to the treasurer of his county for all taxes collected by him under this section.

Third. That when said commissioners of the revenue shall have ascertained the number of dogs, they shall assess a license tax of fifty cents per head on all male dogs and all spayed female dogs, and one dollar per head on all unspayed female dogs, and the said sums so assessed shall be collected and accounted for by the county treasurer as county levies are by law directed to be collected and accounted for, and the treasurer shall keep a separate account of the fund arising from said tax. The said fund shall be, and the same is hereby, appropriated for remunerating the inhabitants of said counties for any loss they may sustain from dogs killing or crippling their sheep, lambs, or any other stock, and for paying for the expenses necessary to carry this act into effect; and any balance remaining on hand for any year shall be appropriated to the county school fund of public schools, or to the public road fund, as the board of supervisors may determine, to be used in accordance with the laws governing the disposition of such funds.

\* \* \* \* \*

Twelfth. Provided, however, the provisions of this act shall not apply to any incorporated city or town of this State now or hereafter having a municipal dog tax law, or to any county having a special dog tax law: provided further, that the repeal of any special dog tax law of any county or town in this State now having such special law shall operate to place such county or town un-

der the provisions of this act, with power in the board of supervisors of such county to adjust claims against said county or town under the said special law out of the funds derived from the operations of this act; and the boards of supervisors of the counties, and the councils of the town where there is a special law imposing taxes on dogs, may, by a vote of a majority of the members elected thereto, repeal and set aside such special law, and when so repealed and set aside the provisions of this act shall apply to such counties and towns. (Code, Sec. 501a)

**133. Taxation of shares of stock issued by banks located in counties and cities.**—First. Hereafter each county or city in which any bank, either national or State, is so located, may, subject to the conditions mentioned below, tax all the shares of stock issued by any such bank so located within its limits at the same rate as is assessed upon other moneyed capital in the hands of individuals residing in such county or city.

Second. That in so taxing said shares the said county or city authorities, respectively, shall follow the mode of assessment and manner of collection prescribed by statute for the collection of State taxes upon said shares.

Third. Whenever any commissioner of the revenue, before closing his assessment rolls or tax lists, shall receive from the cashier of a bank furnishing a list of the holders of bank stock as required by law for the purposes of State taxation, or from the owner of any stock mentioned therein, a certificate of the commissioner of the revenue of the county or city of the State in which the owner of such stock lives, stating that certain shares of the stock mentioned in said list are owned by a resident of that county or city, and that the same have been returned for taxation for that year in such city or county, then the said commissioner of the revenue to whom the said list of the holders of such bank stock has been furnished shall deduct from the aggregate value of the shares set forth in said list the aggregate value of the shares mentioned in said certificate. The shares owned by non-residents of this State shall be taxed only at the place where the bank issuing the shares is located. (Code, Sec. 1040a)

**134. Taxation of shares of stock issued by banks located in towns.**—Each town in which any bank, either national or State, is located may tax all the shares of stock issued by such bank so located within its limits at the same rate as is assessed upon other moneyed capital in the hands of individuals.

In taxing said shares the said town authorities shall follow the mode of assessment and manner of collection prescribed by statute for the collection of State taxes upon said shares. (Code, Sec. 1040b)

**135. Assessment of oysters for taxation; collection of tax.—**  
It shall be the duty of each inspector of oysters, on the first day of October annually, to proceed to assess for taxation for State and county purposes all oysters planted or shells deposited for propagation of oysters in his county or district; he shall go upon and examine said oysters and shells and fix a valuation on the same, and make a full and complete list of the names of owners of said oysters and shells, where located, number of bushels of oysters, their value per bushel, giving the aggregate value of the full amount; names of owners of shells deposited, where located, and total value—which list, to be made out in the form to be furnished by the Auditor of Public Accounts and sworn to before a notary public, a magistrate, commissioner in chancery, or clerk of the court, shall be filed on or before the fifteenth day of November in the clerk's office in the county where the inspector resides. If any person consider himself aggrieved by such assessment and valuation, he may apply for correction of the same under the provisions of sections five hundred and sixty-seven and five hundred and sixty-eight of the Code of Virginia providing for the correction of erroneous assessment of taxes. The inspector shall be summoned as a witness when the application is heard by the court. It shall be the duty of the clerk of the county forthwith to extend the amount on the return of the inspector of all taxes to be paid by each person for State, county, and school purposes on the same basis as other personal property is taxed, and the said clerk shall forthwith make out four copies of said assessment and return one on or before the first day of December to the inspector, deliver one copy to the county treasurer, forward the third to the Auditor of Public Accounts, and the fourth to the State Board of Fisheries. The inspector shall on the first day of December of each year proceed to collect said tax so assessed from the parties who are liable for said tax, and shall have all the powers now given to county and city treasurers for the collection of taxes; said inspector shall on May first of each year settle in full with the Auditor of Public Accounts for all State revenue he has received, reporting the amounts so collected to the State Board of Fisheries, to be ac-

The full compensation for the assessment of the property and the collecting of the taxes shall be ten per centum on full amount collected. The clerk shall be paid for his services as provided for in this section out of the amount of the county tax turned over by said inspector such sum as may be fixed by the board of supervisors. Any inspector or clerk failing to discharge any duty imposed by this section shall be fined not less than twenty nor more than one hundred dollars. (Code, Sec. 2140a)

Said sale shall be made for cash and the proceeds, when collected, after paying the expenses of sale, including a fee of twenty-five cents for each log or piece of timber so sold, shall be paid to the treasurer of the county for the benefit of the public schools of the district in which the party reporting the same shall at that time reside. Any person failing to report to said clerk as aforesaid or

**168. An act to constitute a united agricultural board to co-ordinate the Virginia College of Agriculture and Polytechnic Institute and the Virginia Agricultural Experiment Station, the Commissioner and State Board of Agriculture, and the State Board of Education, in co-operation with the United States Department of Agriculture, for the betterment of agricultural, experimental and demonstration work, and generally to advance the agricultural interests of this State, and to authorize boards of supervisors to appropriate county funds for experimental and demonstration work in their respective counties.—**Whereas experiments heretofore conducted have demonstrated that in order successfully to encourage

the adoption of improved methods of agriculture in Virginia, applicable to every section, crop and interest, it is necessary that experiment stations shall be located in the different agricultural districts of the State, which should ascertain by careful, scientific experiments, the best methods of crop relation, fertilizing culture, control of insect pests and diseases, et cetera, of the crops most commonly grown, or which may be profitably grown in the respective districts and that the facts so ascertained shall be earned by the teacher, institute lecturer and demonstrator to the people; and

Whereas it is necessary to the fullest success of this plan that the said Virginia College of Agriculture and Polytechnic Institute, and the Virginia Agricultural Experiment Station, the Commissioner and State Board of Agriculture, and the State Board of Education should unite their agencies in harmonious and determined efforts to advance by the methods above set forth, and in every other legitimate and practical way, the great agricultural interests of the State; and in order to co-ordinate harmoniously the efforts of these various State agencies in hearty co-operation with the United States Department of Agriculture, which has been so successfully conducting its operations along these lines in Virginia; therefore,

1. Be it enacted by the General Assembly of Virginia, That a board to be known as the United Agricultural Board be, and the same is hereby, established, to be composed of the Governor, the State Superintendent of Public Instruction, representing the State Board of Education; the Commissioner of Agriculture, and two members of the State Board of Agriculture, to be selected by that board; the president of the Virginia College of Agriculture and Polytechnic Institute; the director of the Virginia Agricultural Experiment Station, and one member of the board of visitors of those institutions to be selected by the said board; the supervisor of the district experiment stations; the general director of demonstration work of the United States Department of Agriculture; and the Virginia director of demonstration work of the United States Department of Agriculture. The members of said board shall hold office during the term of incumbency of the several offices which render them ex-officio members of this board, except that the State Board of Agriculture and the board of visitors of the Virginia College of Agriculture and Polytechnic Institute, and Virginia Agricultural Experiment Station shall have power to

elect a successor to its members of the board for two-year periods, beginning March first, nineteen hundred and ten, or in the interim whenever its member of the board is incapacitated from serving on said board by death, resignation or otherwise. It is further provided also that the officials of the United States Department of Agriculture herein designated as members of the board shall continue in office so long as that department co-operates in the work for which the United Agricultural Board is established.

The officers of the board shall be the Governor as chairman, and a secretary, to be elected by the board.

2. The members of the United Agricultural Board shall not be entitled to any compensation, but the Virginia members shall be reimbursed for their actual and necessary traveling expenses and hotel bills while engaged in the discharge of their duties, to be paid out of the funds hereinafter mentioned, allotted, respectively, to the State agencies entitled to membership on the board.

3. The United Agricultural Board shall, under such rules and regulations as it may prescribe, assign to the Virginia College of Agriculture and Polytechnic Institute the adult demonstration work and movable schools and other like agencies when established; to the Virginia Agricultural Experiment Station, under like rules and regulations, the establishment and direction of the local or district experiment stations; to the State Board of Education, under like rules and regulations, the experimental and demonstration work in connection with the public schools of the State; and to the Commissioner and State Board of Agriculture, under like rules and regulations, the direction and management of the farmers' institutes to be held in the different sections of this State; and the said United Agricultural Board may adopt such other methods and agencies, not herein specifically enumerated, as shall tend to further the interests of agriculture, and assign to the various agencies represented on the United Board such duties as may seem best.

4. For the purpose of carrying this bill into effect in addition to the money allotted by the United States Department of Agriculture and the General Education Board, acting through the United States general director of demonstration work, and from other sources, the State Board of Education is hereby directed to appropriate and set apart out of the common school fund the sum of five thousand dollars annually; the sum of five thousand dollars shall be paid annually to the Commissioner of Agriculture; the

sum of five thousand dollars shall be paid annually to the Virginia College of Agriculture and Polytechnic Institute; the sum of five thousand dollars shall be paid annually to the Virginia Agricultural Experiment Station, out of any fund in the treasury of the State not otherwise appropriated; said several sums of money to be paid by warrants authorized by the United Agricultural Board, signed by its secretary and countersigned by the chairman: provided, that all moneys appropriated under this act shall be used for the purposes of this act. But nothing in this act shall apply to any funds except those mentioned in this act. And the moneys allotted to the Commissioner of Agriculture shall be used for farmers' institutes; the moneys allotted to the Virginia College of Agriculture and Polytechnic Institute shall be used for adult demonstration work, movable schools, et cetera; and the money allotted to the Virginia Agricultural Experiment Station shall be used for experimental work at the local or district experiment station established or to be established, and for no other purpose; and the money appropriated by the State Board of Education shall be used for experiments and demonstrations in connection with the schools of the State. An itemized statement with all vouchers shall be reported to the Governor and included in his annual report.

5. If it shall appear to the board that any of the work required by this act, or which shall be prescribed by the board, is not being faithfully and efficiently performed by the agency to which it is assigned, the board shall at once inquire into the matter and has the power to take action assigning said work to some other agency, or in any other way that may seem best for the faithful and efficient performance of said work. The moneys provided and appropriated under this act shall not be available prior to the twenty-eighth day of February, nineteen hundred and eleven.

6. The board may determine its own by-laws and rules of procedure, except that a meeting may be called at any time by the chairman on ten days' notice, and the secretary shall issue calls for a meeting of the members of the board, giving ten days' notice, upon request in writing of not less than five members, and it shall require a majority vote of the entire membership to pass any question or resolution coming before it. In case of a tie vote the Governor shall be entitled to cast an additional deciding vote.

7. The boards of supervisors of the several counties of the State

are hereby authorized and empowered to appropriate out of county funds for experimental and demonstration work in their respective counties such sums as the said boards shall deem proper, not to exceed twenty dollars for each one thousand inhabitants.

8. But nothing in this act shall apply to the Virginia Truck Experiment Station. (Acts 1910, p. 573)

**169. Authorizing the board of supervisors of any county to contribute and expend a sum of money for the purpose of promoting agriculture in said county.**—Be it enacted by the General Assembly of Virginia, That the board of supervisors of any county in this State be, and they are hereby, empowered, in their discretion, out of the general county levy of said county, to apply and expend annually a sum not exceeding five hundred dollars in each year for the purpose of promoting agriculture in said county. The provisions of chapter sixty-six, except as provided in this chapter, shall be applicable to such cities and towns in like manner as to the counties of the Commonwealth, and city and town school boards, officers, trustees, and teachers, as well as city and town treasurers, are charged, with reference to the public free schools of such cities and towns, with the duties, vested with the powers of and subject to the limitations and penalties imposed upon similar officers, boards, trustees, and treasurers in the counties by chapter sixty-six, unless otherwise provided. The number and boundaries of districts shall be duly reported to the Superintendent of Public Instruction and recorded in his office, and also in that of the clerk of the corporation court or in that of the circuit court if there be no corporation court. (Code, Sec. 1524)

There shall be but one superintendent of schools for such city and the county in which such city is located.

The board of supervisors of such county shall have the same power and authority to levy a tax for county, school and district purposes, upon all property within the corporate limits of such city, as it has upon property in the remainder of the county without the corporate limits of such city, except road taxes. And all State, county, school and district levies, except road taxes or levies, shall continue to be collected and disbursed by the county treasurer in the same manner as if such city had not been declared to be such.

As soon as such municipality shall have been declared to be a city, all property within any annexed territory shall at once be and become liable to the regular town or city tax rate, and all revenue derived from such new territory by such city, whether by way of taxes, licenses, fines or otherwise, shall be paid into the city treasury and be expended under the direction of the common council.

A majority of its members shall constitute a quorum. It may, in its discretion, appoint a clerk, who may or may not be a member of the board; and shall make by-laws and regulations for its own government and for the management of its official business, so far as they do not conflict with the provisions of the law. The salary of said clerk shall be fixed by the school board. (Code, Sec. 1526)

**176. Who ineligible as division superintendent.**—No mayor, member of council, or treasurer of a city shall be eligible to the office of division superintendent of schools of such city. (Code Sec. 1527)

**177. School trustees.**—The council of each city shall appoint three trustees for each school district in such city, whose term of office shall be three years, respectively, and one of whom shall be appointed annually. If a vacancy occurs in the office of trustee at any time during the term the council shall fill it by appointing another for such part of the term as has not expired. The trustees in office when this act takes effect shall continue in office until the terms for which they were respectively appointed shall have expired by limitation. Within thirty days preceding the day on which the term of said trustees shall expire by limitation, and within the like number of days preceding the day on which the term of any trustee shall expire by limitation in any subsequent

year, such council shall appoint a successor to each such trustee in office, whose term shall commence when the term of his predecessor shall have expired, provided the office of any such trustee has not been abolished in redistricting the city, and provided that of those first appointed under this chapter one shall be appointed for a term of one year, one for a term of two years, and one for a term of three years. (Code, Sec. 1528)

**178. No federal or State officer, except a notary public; no city officer, no member of council, or any officer thereof, shall during his term of office be chosen or allowed to act as a school trustee; but this provision shall not have the effect of prohibiting a commissioner in chancery or commissioner in bankruptcy, or member of the board of health, from holding such office.

For these purposes it may lease, purchase, or build such houses, according to the exigencies of the city and the means at its disposal. No school-house shall be contracted for or erected until the plans therefor shall have been submitted to and approved in writing by the division superintendent of schools, and no public school shall be allowed in any building which is not in such condition and provided with such conveniences as are required by a due regard to decency and health; and when a school-house appears to the division superintendent of schools to be unfit for occupancy, it shall be his duty to condemn the same, and immediately to give notice thereof, in writing, to the chairman of the school board, and thenceforth no public school shall be held therein, nor shall any part of the State or city fund be applied to support any school in such house until the division superintendent shall certify, in writing, to the city school board, that he is satisfied with the condition of such building and with the appliances pertaining thereto.

Thirteenth. To examine all claims against the school board, and when approved to pay the same: provided, that a record of such

approval shall be made in the proceedings of the board, and a warrant on the city treasurer shall be drawn, signed by the chairman of the board and countersigned by the clerk thereof, payable to the person or persons entitled to receive such money, and stating on its face the purpose or service for which it is to be paid, and that such warrant is drawn in pursuance of an order entered by the board on the \_\_\_\_\_ day of \_\_\_\_\_.

Fourteenth. It shall be the duty of the school board of every city, once in each year, and oftener if deemed necessary, to submit to the council, in writing, a classified estimate of what funds will be needed for the proper maintenance and growth of the public schools of the city, and to request the council to make provision, by appropriation or levy, for the same.

Fifteenth. To perform such other duties as shall be prescribed by the State Board of Education or are imposed by other parts of this act.

City school boards shall in general have the same powers in relation to the condemnation or purchase of land and to the vesting of the title thereof, and also in relation to the title to and management of property of any kind applicable to school purposes, whether heretofore or hereafter set apart therefor, and however so set apart, whether by gift, grant, devise, or any other conveyance, and from whatever source, as county and district school boards have in the counties. (b) Applicants who make first grade average on the required subjects, but who have not had the requisite experience, will be issued a second grade certificate, which may be changed to a first grade certificate after nine months of successful teaching.

The holders of these certificates will not be required to take another examination for a first grade certificate so long as their work is endorsed

by their superintendents as satisfactory and they pursue the reading course prescribed for each year.

(d) First grade certificates issued by division superintendents finally expiring in 1910, or which previously expired, may be exchanged for new first grade certificates issued by the State Board of Examiners, provided the holders pass the examination on the added subjects for a new first grade certificate, which are elementary algebra through quadratics, general or English history, and either physical geography or elementary agriculture.

This certificate will be good for five years and renewable for a similar period from time to time on evidence satisfactory to the State Board of Examiners that the holder has been a successful teacher and pursued a satisfactory professional course of reading.

(b) Teachers who are applicants for special certificates will be required to pass a satisfactory examination on the subjects prescribed for a first grade certificate, or otherwise satisfy the State Board of Examiners that they are proficient on the subjects required for a first grade certificate: provided, however, that the examiner may make exception in the cases of applicants for special certificates on music, drawing and domestic science.

Teachers may take either of these examinations. Those teachers who take the spring examination and fail will not be permitted to take the summer examination unless they in the meantime attend some State summer institute. Teachers who expect to attend a State summer school for twenty days may take part of the spring examination, and the remainder at the close of the summer school.

No certificate will be given on the part taken in the spring, but the grades then made will be combined with those made in the summer examination.

(b) If teachers holding certificates (emergency certificates not counted) do not take the spring examination, but attend a State summer institute for at least twenty (20) days, and pass on at least one-half the subjects at the summer examination at the close of the institutes, including arithmetic and grammar, they will be given provisional certificates, good for one year, of such grade as the averages warrant. The examination may be completed the following year, when a full certificate of the proper grade will be issued, bearing the same date as the provisional certificate. No provisional certificate will be issued to any one who does not hold a certificate other than an emergency certificate.

(c) Teachers attending summer institutes who take a part of the whole examination and make the required grades on one-half the subjects—85 per cent. on each of seven subjects for first grade, and 75 per cent. on each of six subjects for second grade—will be given provisional certificates, good for one year, and not renewable.

(d) When the course is divided only two examinations can be combined, and one of these must be taken after a regular attendance of at least twenty days at one of the State summer institutes.

Said estimate shall be filed with the division superintendent, to be by him laid before the county school board.

**73. Disposition of school funds.**—The proceeds of State and county school funds must be used exclusively for the pay of teachers. The district school fund arising from the district school tax is under the control of the district school board, and shall be used for building and furnishing school-houses and defraying the contingent expenses of the schools of the district. been provided with comfortable, sightly, and well furnished school-houses.

**79. Consolidation of schools.**—The statute law requires the State Board of Education to guard by regulation against such a multiplicity of schools as will cause a low grade of instruction in them, or otherwise impair their efficiency. District school boards are therefore urged, and it is their duty, to co-operate with division superintendents in preventing the establishment and maintenance of small ungraded rural schools, especially where such schools are not absolutely necessary. Wherever it can be done, several small schools should be combined into one good graded school, with two or more teachers and a longer term.

Division superintendents shall see to it that a list of said books is furnished to each teacher before the schools are opened.

**87. School month.**—The school month shall consist of four weeks of five school days each, and deduction shall be made from the pay of teachers for every day they lose except such days as shall have been declared holidays by district school boards.

**88. Legal average attendance.**—An enrollment of at least twenty pupils, with reasonable assurance of an average daily attendance of that number, is required to constitute a public free school; and no public school shall be established or continued until this condition is complied with: but boards of trustees, when satisfied that there is not a sufficient number of children in any school neighborhood to entitle them to a school under this section, and that the geography of the district is such that no judicious rearrangement of the several schools can be so made as to furnish the minorities proper school facilities, may certify a statement of the case, with a diagram of the section to be accommodated, to the division superintendent, who shall forthwith visit the section in question, and if he finds that the statements made are correct, and that the neighboring schools are judiciously located and cannot be so arranged as to furnish the minorities fair school facilities, he may authorize the board of trustees to reduce the average attendance of such school to fifteen. In cases where the average attendance is reduced by reason of a factious spirit on the part of one or a few people, or in consequence of the proper or necessary exercise of discipline, prevalence of contagious diseases, or lack of proper supply of text-books, the district board may continue such

tion; and in vacation to see that the houses are securely locked and the school property carefully preserved.

**79. Consolidation of schools.**—The statute law requires the State Board of Education to guard by regulation against such a multiplicity of schools as will cause a low grade of instruction in them, or otherwise impair their efficiency. District school boards are therefore urged, and it is their duty, to co-operate with division superintendents in preventing the establishment and maintenance of small ungraded rural schools, especially where such schools are not absolutely necessary. Wherever it can be done, several small schools should be combined into one good graded school, with two or more teachers and a longer term.

#### SCHOOLS

**80. Classification of schools.**—The public free school system of Virginia under the control of the State Board of Education shall consist of common schools and high schools.

**81. Common school branches.**—In all the common schools, including primary and grammar grades, the following subjects shall be taught: orthography, reading, writing, arithmetic, grammar, geography, history of the United States, history of Virginia, physiology and hygiene, drawing, and civil government; and local school boards may provide for the introduction of music, nature study, manual training, and elementary agriculture into the schools. In each school division a graded course of study, as uniform as practicable, and embracing all the required common school branches, should be adopted for all the schools in that division.

**82. High schools and higher branches.**—In the high schools such studies shall be taught as are prescribed in the high school course of study.

**83. High schools receiving State aid.**—The districts in which high schools receiving State aid are located shall offer upon fair and equitable terms the privileges of the high schools to all districts of their respective counties which shall share jointly in the support of the respective high schools, subject, however, to the general supervision and confirmation of the State Board of Education.

**84. Text-books, etc.**—The text-books used in the public schools of Virginia, and all maps, charts, and other appliances used in teaching the subjects named in regulations eighty and eighty-one,

shall be selected from the list prescribed by the State Board of Education, in accordance with the regulations devised by said board.

**85. Pupils to be supplied with proper books.**—School officers and teachers shall require all children who apply for admission into the public free schools to be provided with such books as have been prescribed and duly selected under the regulations of the State Board of Education, and no child shall be allowed to remain in school unless he is provided with such books.

**86. Text-book list.**—There shall be kept in every school-room a copy of the list of text-books prescribed for use in that division, with a copy of the regulations of the State Board of Education concerning the same, that the pupils may be informed of the prices of such books fixed by the said board. Division superintendents shall see to it that a list of said books is furnished to each teacher before the schools are opened.

**87. School month.**—The school month shall consist of four weeks of five school days each, and deduction shall be made from the pay of teachers for every day they lose except such days as shall have been declared holidays by district school boards.

**88. Legal average attendance.**—An enrollment of at least twenty pupils, with reasonable assurance of an average daily attendance of that number, is required to constitute a public free school; and no public school shall be established or continued until this condition is complied with: but boards of trustees, when satisfied that there is not a sufficient number of children in any school neighborhood to entitle them to a school under this section, and that the geography of the district is such that no judicious arrangement of the several schools can be so made as to furnish the minorities proper school facilities, may certify a statement of the case, with a diagram of the section to be accommodated, to the division superintendent, who shall forthwith visit the section in question, and if he finds that the statements made are correct, and that the neighboring schools are judiciously located and cannot be so arranged as to furnish the minorities fair school facilities, he may authorize the board of trustees to reduce the average attendance of such school to fifteen. In cases where the average attendance is reduced by reason of a factious spirit on the part of one or a few people, or in consequence of the proper or necessary exercise of discipline, prevalence of contagious diseases, or lack of proper supply of text-books, the district board may continue such

scribe, to inflict reasonable penalties, and for a sufficient cause they may suspend pupils from school until the case is decided by the district school trustees, which shall be with as little delay as possible: provided, that in all such cases of suspension the teacher shall promptly report the facts in writing to the district school board and to the parent or guardian of the pupil suspended.

✓ **97. Sundry duties of teachers.**—It is the duty of teachers to improve themselves in the art of teaching by studying approved books on the subjects they are to teach, by attending summer normal schools, teachers' meetings and reading circles, and by making themselves thoroughly acquainted with some of the best books on pedagogy, school management, and the history of education, and also by reading educational periodicals and pursuing such a course of general reading as will best tend to increase their knowledge and usefulness as teachers.

They should see that the school-houses are kept clean and made comfortable and attractive, and should encourage the pupils to aid in this work. In case the school-house is in unsuitable condition or necessary supplies are needed, the teacher should report the facts at once to the clerk of the district school board or to the nearest trustee.

They should visit and establish cordial relations with the patrons of the schools and enlist their co-operation in every effort to improve school conditions.

They should exert themselves to establish school libraries and to form local education associations and school improvement leagues.

They should, in conjunction with the division superintendent and the district trustees, make arrangements for holding suitable public exercises on one day in every school year, to which all the patrons and friends of the school shall be invited, the necessary expenses for such exercises, unless otherwise provided, to be defrayed out of the district school fund by order of the district school board.

Teachers must make monthly and term reports to the division superintendent and such special reports as he may from time to time require of them.

They must not, without the consent of the district school board, engage substitutes; nor shall they, without such consent, close their schools on regular school days during the term for which

they have contracted to teach unless they are compelled to do so by unavoidable circumstances.

**98. Elections for public free school purposes.**—First. All elections held in any county or magisterial district or school district of this State for public free school purposes shall be superintended, conducted, and held under the law governing special elections generally as set forth in section 146 of the Code of Virginia—that is to say, they shall “be superintended and held, notice thereof given, returns made and certified, votes canvassed, results ascertained and made known,” “certificates of election given by the same officers, under the same penalties, and subject to the same regulations as prescribed for general elections, except so far as may be otherwise provided”—in all particulars in conformity with the requirements and provisions of section 146 of said Code in regard to all special elections: provided, however, that the writ of election or order and notice of any election ordered by the board of supervisors of any county to be held for any public free school purpose in any county or district shall be posted by the sheriff of the county at each voting place in the county or district in which such election is to be held at least ten days before such election, in accordance with the provisions of sections 101 and 115 of said Code, which are hereby declared to be applicable to all such elections so far as practicable.

Second. The sense of the voters in any county or district on all matters which may be properly referred to said voters under the provisions of the school law shall be taken and ascertained in the manner prescribed in the preceding regulation whenever any election shall be ordered for any school purpose in any county or district by the board of supervisors of the county or other authority empowered by law to order any such election.

**99.** The Superintendent of Public Instruction of Virginia, by and with the advice of the attorney-general of this State, is authorized to take such steps and employ such attorneys and agents for the collection of fines due the Commonwealth for the benefit of the literary fund as may be deemed necessary, the said attorneys and agents to be paid for their services out of actual collections made in each individual case such compensation as may be agreed on in writing: provided, that no such attorney or agent shall be employed to enforce the collection of any fine which has been imposed during the term of office of any attorney for the Commonwealth now in office in this State. When such collections are made,

the net amounts thereof shall be turned into the treasury of the State to the credit of the literary fund as provided by law, and the Superintendent of Public Instruction, by and with the advice and co-operation of the attorney-general of this State, is authorized to make such compromise, settlement and adjustment of said fines as may be deemed right and proper and for the best interests of the school funds of this State.

**100. Definition of a university.**—The State Board of Education will register as a university an institution (a), which requires for admission the completion of the curriculum of a standard high school with a four years' course, or in other terms, the completion of a course equivalent to not less than fourteen five-hour units; (b), which contains as a part of its organization a college of literature and science as defined below; (c), which contains one or more professional schools as parts of its organization, in each of which an adequate professional course, based upon a preparation not less than that represented by the completion of a standard four-year high school course, is offered; (d), which contains a graduate school as a part of its organization, in which adequate courses leading to the degrees of Master of Arts and Doctor of Philosophy are offered.

**101. Definition of a college.**—An institution to be registered as a college must have at least six professors giving their full time to college or university work, a course of four full years in liberal arts and sciences, and must require for admission the completion of the curriculum of a standard high school with a four years' course, or in other terms, the completion of a course equivalent to at least fourteen five-hour units in addition to the usual pre-academic or grammar school studies.

**102. Conditioned students.**—No college or university shall admit a student under twenty years of age to partial standing, as a conditioned or irregular student, unless the student offers at least ten five-hour units as defined above; and a student so admitted shall absolve the units on which he is conditioned within two years of the date of his registration by doing work which is not counted towards any degree for which he may become a candidate by the institution in which he is registered.

**103. Special students.**—A student at least twenty years of age may be admitted as a special student not candidate for a degree to a university or college without satisfying in full the usual entrance requirements (see sections 100, 101 and 102), provided that (1) he is not admitted to classes for which entrance examinations are re-

quired unless he passes such examinations; and (2), that he gives proof of adequate preparation for the course sought.

**104. University certificate.**—The holder of a degree from the graduate school of a registered university shall be granted a twelve-year certificate for teaching in the public schools of the State. This certificate may be renewed from time to time for a similar period upon evidence satisfactory to the State Board that the holder has been a successful teacher.

**106. Institutions ranking between the college and the standard four-year high school; academic certificate.**—Institutions which do not comply fully with the definition of a college, but which offer an approved four-year course in literature and science, at least one year in advance of the course of the standard four-year high school, shall be classified and registered by the State Board of Education according to the number of years of high school work (or the number of five-hour units) required for admission. Each year of high school work (equivalent to four five-hour units) required for admission shall add two years to the life of the teacher's certificate granted to the full graduate of one of these institutions.

These certificates shall be known as academic certificates, and shall be good for 9, 7, 5 or 3 years, according as the institution from which the holder graduated requires 4, 3, 2 or 1 year of high school work (or 14, 12, 8 or 4 five-hour units) for admission. These certificates shall not be renewable.

The regulation regarding special students shall apply to these institutions also.

The regulation regarding conditioned students shall apply to these institutions also, with the modification that no student shall be conditioned on more than one-third of the five-hour units required by the institution for admission.

**107. Units.**—The five-hour units mentioned above shall be the units defined in the regulations regarding admission to the State university.

**108. Registration and inspection.**—No institution shall be registered as a university or a college, or as belonging to one of the

classes of regulation 106, until it has been inspected by a representative of the State Board of Education and the Board has acted favorably upon the report of its representative.

As far as practicable, the institutions registered by the State Board of Education shall be inspected annually by a representative of the Board. Any institution registered by the Board, which has clearly failed to comply with the regulations of the Board, shall be removed from the list of registered institutions. The list of registered institutions shall be published at least once a year—the universities, the colleges, and those ranking between the college and the standard four-year high school being listed separately.
